14. Bidder agrees and acknowledges that grades and/or conditions are the opinion of the cataloguer only and not a warranty. Grading is a subjective art and not an objective science. The opinions of different individuals as to the grade of a given lot can and will vary. The opinion of the same individual grading an item at different times can and will vary. Grades are stated as a convenience to bidders only to assist in directing them to lots they may wish to examine. *Currency Auctions of America, Inc.* strongly urges all bidders, including mail bidders, to examine lots prior to bidding, either in person or through their own agent. *Currency Auctions of America, Inc.* does not represent that a note has or has not been cleaned or that any other entity or third party grading service will or will not agree with our grade opinion for any item. Successful bidders outside the United States agree to provide their own insurance on lots shipped to them. *Currency Auctions of America, Inc.* shall not be responsible for non-delivery of lots shipped to addresses outside the United States.

A WORD ABOUT GRADING

Grading is an art and not a science and opinions of grade for a particular item can and will vary. We urge all bidders to examine lots they may wish to bid on prior to the sale, either in person or through their own agent. Grades stated are the opinion of the cataloguer given as a convenience to bidders to assist in identifying lots they may wish to examine themselves.

HOW TO BID BY MAIL

Bid as much as you are willing to pay for the lot you are interested in. Lots will be opened to floor bidders at approximately 5% over the second highest mail bid. For example:

> On lot 777 you bid $325. If the next highest mail bid is $260 the lot will be opened to floor bidders at $275. If no one bids higher ($300) from the floor you will be awarded the lot at $275. If we receive a bid of $300 from the floor, the book (your bid) will bid $325 for you. If the floor action stops here you will be awarded the lot at your full bid of $325. Should the bidding proceed past $325 the book (you) is out and a floor bidder will be awarded the lot.

In this manner you participate on an equal basis with floor bidders, and have an equal opportunity to obtain your lots well below your top bids.

A WORD ABOUT ESTIMATES

The estimates in this catalogue are guides to the bidders. We have tried to make them as accurate as possible. They are not intentionally low to allow us to claim bragging privileges as to how much over the estimate we obtained, nor are they high in an attempt to lure the unwary into bidding more than market. While it is a certainty that some items will bring somewhat under estimate, it is equally certain that some items will sell for over estimate. We would expect that the total estimates in this catalog will be within 10%, one way or the other, of the total prices realized.

SPECIAL THANKS

An undertaking of this size requires the informal assistance of a great number of collector and dealer friends. We wish to thank everyone who called on their specialized area of expertise to assist us where we were lacking.

In particular we would like to thank Mr. Martin Gengerke of Stack's, who allowed us to access his pioneering research in both Large Type and Nationals. His voluminous computer files are helping to transform the currency market from pricing based on hearsay to prices based on objective research.

Thank you, friends and colleagues,

Len, Allen, and Kevin

COLONIAL CURRENCY

CONNECTICUT

14 **Connecticut June 1, 1780 20s About New.** Four notes, all hole cancelled. One is soiled. (4 pieces) (80-up)

15 **Connecticut Four Nice Cancelled Notes.** October 11, 1777 2d and 4d; and July 1, 1780 20s and 40s. All four notes grade **About New** and all are slit cancelled, appearing uncancelled at a glance. (4 pieces) (150-up)

16 **Connecticut Six Hole Cancelled Notes.** Four of them are 2s6d from the July 1, 1780 issue and the remaining two are a 20s and a 2s6d from the March 1, 1780 issue. All six are bright and **Choice New** but for the large hole cancel. (6 pieces) (150-up)

18 **Delaware January 1, 1776 20s Gem New.** A lovely note with no problems of any kind. (200-up)

19 **Delaware Ben Franklin Printed Notes.** All are very low grade, most split and sewn or pinned back together. One note is sewn in both directions and pinned four times. This writer has always been fascinated by these authentic Colonial repairs and we believe any good Colonial collection should have a few representative ones. (6 pieces) (125-up)

GEORGIA

20 **Georgia May 4, 1778 $30 Very Fine.** Beautiful, sharp boar running onto a spear vignette. Signed by William Few, one of the signers of the United States Constitution in 1787. There are a few minor repairs and a piece of paper tape at the top edge of the back. (300-up)

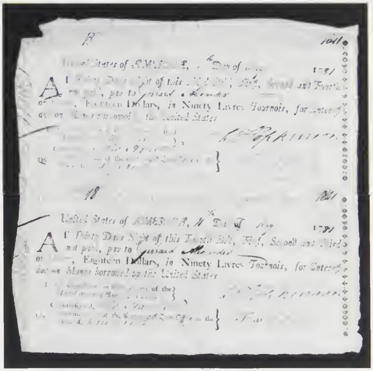
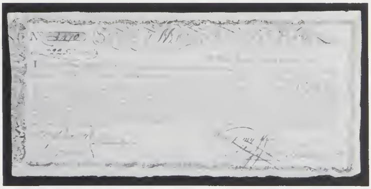
MARYLAND



20A **Maryland May 11, 1781 U.S. Loan Office Uncut Pair.** A third and fourth of Exchange signed by Thomas Harwood for the State of Maryland and Francis Hopkinson for the United States. Hopkinson was one of the signers of the Declaration of Independence and this pair has his large, bold, brown signature twice. Printed in green and black with the "United States 3 & 4" watermark. Listed ar a rarity 7 in the Anderson reference, this pair grades **Choice New** except for some minor tears. (1500-up)

MASSACHUSETTS

21 **Massachusetts June 18, 1776 1s Fine.** A rare note that is seldom seen even in this grade. Complete and problem free. (200-up)



22 **Massachusetts January 1, 1780 Produce Bond.** A 5"x11" large size bond payable to Maj. Thomas Cartwright for £2,250 in satisfaction of the state's debt for service in the Continental Army. This is called a produce bond as it ties the value of the funds promised to the current value of various commodities—corn, beef, sheepswool, etc. Minor splitting along three heavy folds, with backing reinforcing the bond at these splits. (275-up)

23 **Massachusetts May 5, 1780 $2 Very Good.** Heavily circulated but uncancelled and scarce that way. (60-up)

24 **Massachusetts May 5, 1780.** Seven cancelled notes. $1, $3, $4, $8, and three $20s, most grading **About New** and exhibiting all the different kinds of cancels. (7 pieces) (400-up)

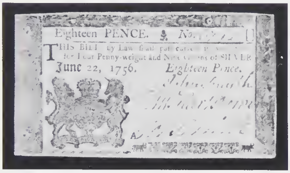
NEW HAMPSHIRE

25 **New Hampshire April 29, 1780 $4 Extra Fine.** A large hole cancel as almost always found, otherwise a very nice example from the scarcest of the original 13 colonies. (250-up)

26 **New Hampshire April 29, 1780 $5 Fine.** Hole cancelled as almost always. (125-up)

27 **New Hampshire.** A tax bill dated July, 1799 from Portsmouth, New Hampshire informing a local resident that his county and town taxes come to $1.87. Fiscal paper from New Hampshire is very difficult to find. (150-up)

NEW JERSEY

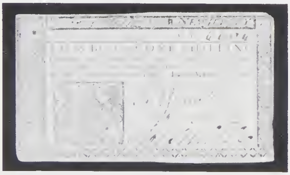


28 **New Jersey June 22, 1756 18d Choice New.** A lovely example of the issue. (150-up)

29 **New Jersey June 22, 1756 18d Choice About New.** A single light center fold away from new. (90-up)

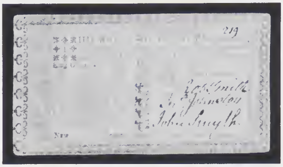
30 **New Jersey December 31, 1763 6s Choice New.** (125-up)

31 **New Jersey December 31, 1763 6s Choice New.** Brighter than usual but with the typical poor centering. (100-up)

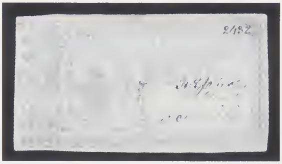


32 **New Jersey March 25, 1776 1s Choice New.** A nice example of this common issue. The New Jersey Coat of Arms is unusually sharp. (125-up)

33 **New Jersey March 25, 1776 3s Gem New.** A common note but a particularly lovely example. (175-up)



34 **New Jersey March 25, 1776 £6 Choice New.** A beautiful Tri-color note. David Rittenhouse, who was later to become the first director of the Mint, did some of the engraving for this face plate and worked his name into the design in extremely small letters. On this particular example it is more easily read than on most. (450-up)



35 **New Jersey March 25, 1776 £6 Extra Fine.** A well balanced and good looking lightly circulated Tricolor note. (250-up)

36 **New Jersey June 9, 1780 $4 Very Fine.** Signed by David Brearley, a signer of the United States Constitution in 1787. Scarce and attractive. (200-up)

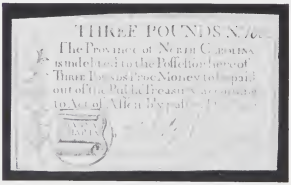
NORTH CAROLINA



38 **North Carolina December, 1771 £3 Choice New.** A Gem but for a tight top margin. Bold, sharp signatures. One of the rarer denominations of this issue. (500-up)

SIX DOLLARS

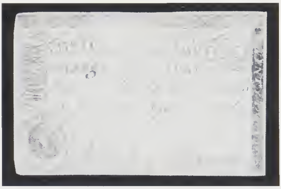
41 **North Carolina April 2, 1776 $6 Extra Fine.** Very high grade for this "squirrel" note. Most unusually for this issue, the entire watermark is centered in the middle of the note and shows completely and clearly. It is a crown surrounded by a wreath with a large capital GR beneath it. (400-up)

42 **North Carolina April 2, 1776 $15 New.** A very exceptional grade for any note from this issue. The printing is a bit weak as often happens on this denomination but the centering and overall quality is outstanding. (500-up)

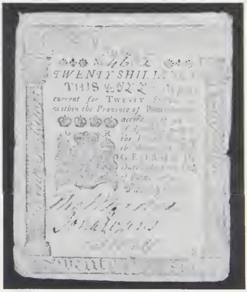


43 **North Carolina April 2, 1776 $20 Extra Fine.** Basically an uncirculated note with a single hard center fold that has started to split at the top and bottom but has been well repaired from the back. This rattlesnake vignette note with the "Don't tread on me" motto is the highest denomination in this series of 56 notes. Only 5,000 were originally printed. (400-up)

PENNSYLVANIA

44 **Pennsylvania May 1, 1760 15s.** Although basically **Fine**, this Ben Franklin note has been split along its center fold and repaired with stamp hinges. The B. Franklin imprint is strong and clear. (100-up)

45 **Pennsylvania June 18, 1764 20s Very Fine.** Terrific grade for this scarce note, printed by Ben Franklin. (300-up)



TWENTY SHILLINGS

46 **Pennsylvania October 1, 1773 5s Choice New.** Great grade with the farm scene vignette on the back very sharp. (125-up)

47 **Pennsylvania April 10, 1775 £5 About New.** A nice example of this "Workhouse" note. (150-up)

48 **Pennsylvania April 10, 1777 9d Superb Gem New.** As fine an example of this little jewel as could exist. The red signature and serial number offer a great color contrast. (150-up)

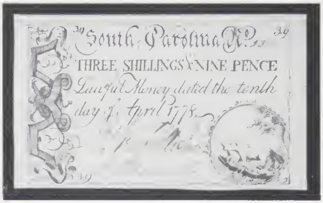
55 **South Carolina December 23, 1776 $4 Extra Fine.** Signed and issued, rare in this form. Most of these are uncirculated remainders with only one or two signatures. (225-up)

56 **South Carolina December 23, 1776 $5 Fine.** Low grade but fully signed and issued. (100-up)



57 **South Carolina April 10, 1778 3s9d Gem New.** A lovely, well margined note with an exceptionally clear and sharp beaver vignette. (300-up)

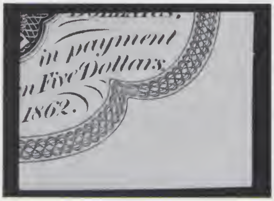
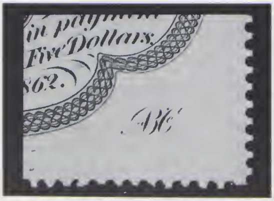
THE MARTIN T. GENGERKE COLLECTION OF FRACTIONAL CURRENCY

Currency Auctions of America is proud to offer the following 148 lots which comprise the Martin T. Gengerke Collection of regular issue fractional currency, the only complete collection to have ever been formed. Martin began his collection in December of 1967 with the purchase of a 6 piece denomination set across the counter at Stack's in New York City. The collection was completed fourteen years later on September 12, 1981 with the purchase of the Friedberg 1373a at the Rockholt sale. In the years in between Martin attended all the major auctions and vigorously pursued all private leads and opportunities to obtain the pieces that he needed for his collection. The combination of the availability of great collections during this period and Martin's tenacity of pursuit allowed this collection to be completed in that short period of time. Along the way he unfailingly upgraded at every opportunity, selecting notes specifically for their clarity of printing quality, which imparts to this collection it's one of a kind eye appeal. For the most part the upgraded note was sold or traded when a finer replacement was found. In a few instances the lower grade item was retained for sentimental reasons or color comparison. In that instance the retained duplicate is offered here immediately below the primary note. When collections of this magnitude are sold an aura attaches to the particular pieces which remains with them far into the future. For this reason each lot in the Gengerke Collection will have a photo certificate of the note signed by Martin available to the successful bidder upon their request. After lot 211 some additional items from the Gengerke Collection will be offered. These items, all of which will be identified as coming from Martin's collection in their descriptions, will also have photo certificates available. The quality of these incredible notes speak for themselves and even individually virtually every one is a stand out. While no other collector has ever succeeded in completing a Fractional Currency set, Martin has not only done so but has maintained his exacting standards of eye appeal without compromise. The value of any Fractional Currency collection will be greatly enhanced by acquiring pieces from the Martin T. Gengerke Collection, which has set the standard by which any future collection will be measured.

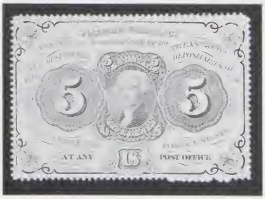
5¢ FIRST ISSUE - FR. 1228-1231

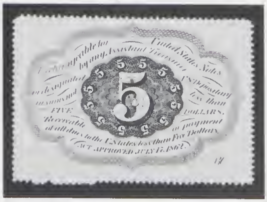
A very common issue which sets the pattern for the next three denominations. All four denominations of first issue notes follow this order: Perforated with monogram; perforated no monogram; straight edge with monogram; straight edge without monogram.





Fr. 1228 - Perforated edges with monogram. Ten times rarer than Fr. 1230.
Fr. 1229- Perforated edges no monogram. Thirty times rarer than Fr. 1230.
Fr. 1230 - Straight edges with monogram. Very common.
Fr. 1231 - Sraight edges no monogram. Thirty-five times rare than Fr. 1230.
Rarity ratings are our best estimates and are based on our observations and experience covering thousands of notes over the past quarter century.





64 **Fr. 1228 5¢ First Issue Gem New.** Fully perforated on all four sides with excellent centering. This lovely little note is as fresh as it could possibly be. The bottom margin still retains some of the paper circles that normally fall away during the perforation process. (300-up)

Purchased from Lester Merkin in February, 1969.

65 **Fr. 1229 5¢ First Issue Very Choice New.** An extremely sharp printing of reddish brown ink on the light yellow paper that typifies the early production run of no-monogram First Issue notes. This rare little piece would be a pure Gem with a few more perforations at the sides of the bottom. It was apparently scissor cut as many were, leaving the bottom perforations deep in the center and narrower to the sides. (250-up)

From a New York City coin shop in the late 1960s. One of the first notes acquired.

66 **Fr. 1230 5¢ First Issue Gem New.** Broad, even margins surround this straight edge with-monogram note. Fr. 1230 is the most common of the 16 basic First Issue notes. (125-up)

Pedigree unknown.

67 **Fr. 1231 5¢ First Issue Gem New.** An impeccable, pristine beauty printed in brick red ink on lemon yellow paper. Better-than-ample margins all around, and the razor sharp print quality that Martin sought out when acquiring Fractional Currency. Fr. 1231 is by far the rarest of the four 5c First Issues in Gem grade. (300-up)

From a Lester Merkin sale in the early 1970s.

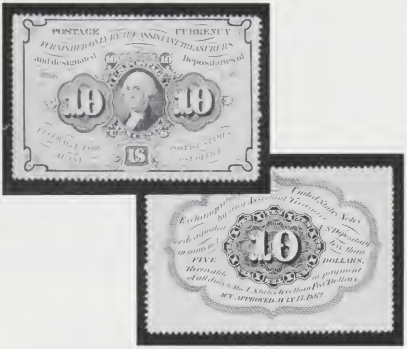
10¢ FIRST ISSUE - FR. 1240-1243

Another common issue overall with a survival rate of about half of the 5¢ first issue. The following rarity proportions apply:

Fr. 1240 - Perforated edges with monogram. Ten times rarer than Fr. 1242.
Fr. 1241 - Perforated edges no monogram. Thirty times rarer than Fr. 1242.
Fr. 1242 - Straight edges with monogram. Very common.
Fr. 1243 - Straight edges no monogram. Thirty-five times rarer than Fr. 1242.

68 **Fr. 1240 10¢ First Issue Gem New.** Super fresh, deeply and fully perforated on all four sides, and again with photo-sharp printing. The outside border of the back design, which is usually fairly muddy at some points, is so razor sharp that it appears computer generated rather than 130 year old ink on paper. (325-up)

From an American Auction Association (Bowers & Ruddy) sale, likely Lot 1055 from the September, 1975 Withrop Collection.

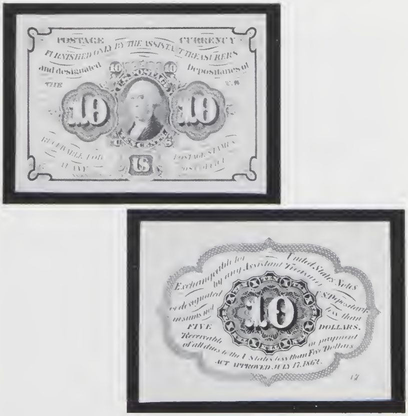


69 **Fr. 1241 10¢ First Issue Gem New.** Deep, full perforations all around. The top margin is closer than the other three, but grading this lovely rarity less than Gem would be a disservice to its overall appearance. Unlike the 5¢ varieties, the ink and paper colors on the 10¢ notes are nearly identical on the with- and without-monogram varieties. (350-up)

Ex-Stack's, an over-the-counter purchase in January 1970.

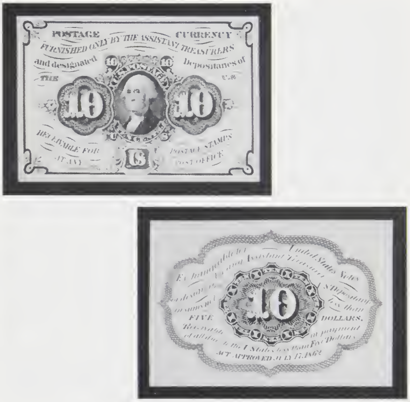
70 **Fr. 1241 10¢ First Issue Choice Extra Fine.** Full perforations but a few light folds and a close top margin. (100-up)

An early New York City coin shop purchase. Upgraded by Lot 69.



71 **Fr. 1242 10¢ First Issue Superb Gem New.** The common note of the First Issue Tens, but this impeccable beauty exists only by the sacrifice of its neighbors as all four margins are cut right to the border of the next note. Micrometer-perfect centering on both sides and original surfaces make this as fine a 1242 as could possibly exist. (300-up)

Hand cut out of a damaged block of 12 acquired at the 1980 New York Paper Money Show.



72 **Fr. 1243 10¢ First Issue Gem New.** Balanced margins, perfect back centering, clean, original and once again with the razor sharp printing quality that defines Martin's magnificent collection. Seeing one or two high quality notes you are inclined to not notice the difference in printing quality, looking at this entire collection, however, the clarity of printing becomes hypnotic. (400-up)

Purchased at the Metropolitan New York Coin Show, Spring 1973.

25¢ FIRST ISSUE - FR. 1279-1282

A much scarcer denomination but the rarity ratios are the same as the 5¢ and 10¢.

Fr. 1279 - Perforated edges with monogram. Ten times rarer than Fr. 1281.
Fr. 1280 - Perforated edges no monogram. Thirty times rarer than Fr. 1281.
Fr. 1281 - Straight edges with monogram. The most common variety.
Fr. 1282 - Straight edges no monogram. Thirty-five times rarer than Fr. 1281.

73 **Fr. 1279 25¢ First Issue Gem New.** Repetitiveness is beginning to creep in here. On the other hand, not mentioning the incredible sharpness of the printing quality is a disservice to these lovely Fractional notes. We'll try very hard to find 130+ different ways to describe needle sharp, photograph-like impressions. Three huge margins, two of them with strips of paper outside the perforations. The left end is closer but clear of the design. (500-up)

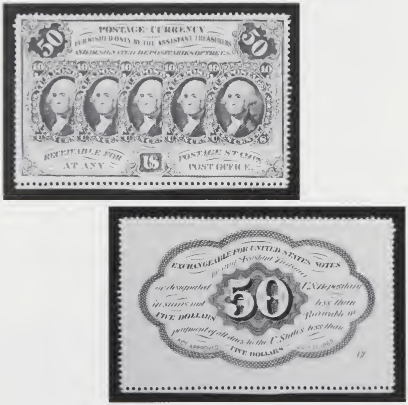
76 **Fr. 1282 25¢ First Issue Choice New.** Considered by most experts, including this cataloguer, to be the rarest of the 16 First Issue notes in top grade, just edging out the 50¢ Fr. 1313, its straight edge, no-monogram higher denomination counterpart. Only the face margins, which are totally clear of the frame line at all points, prevent this note from being a Superb Gem. Glance down at this note and all ten of Jefferson's eyes seem to look right back at you. (400-up)

From the Matt Rothert collection, American Auction Association, November 1973.

50¢ FIRST ISSUE - FR. 1310-1313

A much scarcer issue but in exactly the same proportions as the 5¢, 10¢ and 25¢.

- Fr. 1310 - Perforated edges with monogram. Ten times rarer than Fr. 1312.
- Fr. 1310a - Perforation 14 variety. Possibly not a regular issue but nevertheless a long history of collectability. Likely 32 made, about 10 known.
- Fr. 1311 - Perforated edges no monogram. Thirty times rarer than Fr. 1312.
- Fr. 1312 - Straight edges with monogram. The most common.
- Fr. 1313 - Straight edges no monogram. Thirty-five times rarer than Fr. 1312.



77 **Fr. 1310 50¢ First Issue Superb Gem New.** Fully and deeply perforated with evenly balanced large margins. The bottom margin has a strip of paper outside the perforations. The overall quality is equal to any we've seen. (600-up)

Acquired in March of 1981 from Fractional Currency Incorporated.

78 **Fr. 1310 50¢ First Issue Very Choice New.** A lovely note. Perforated all around but some of the perfs are short and the top margin is tight. (350-up)

From Jerry Moskowitz in late 1969.

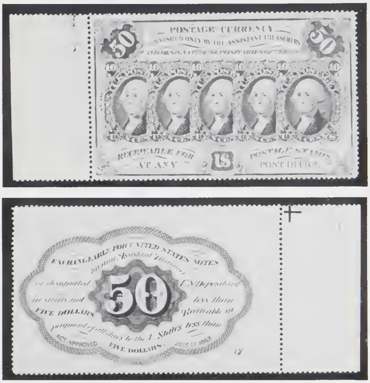
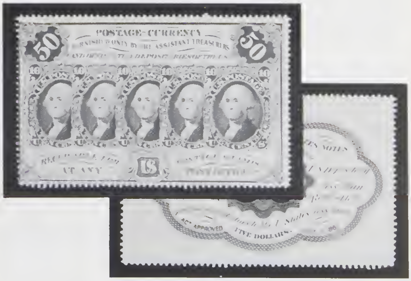
ENIGMATIC FR. 1310a



79 **Fr. 1310a 50¢ First Issue Perforated 14 Very Choice New.** Fully perforated and bright with strictly original paper surfaces. This is the face plate number Specimen with the wide left selvage and the plate number 23. The generally accepted history of these smaller perforated notes is that they were produced from two sheets by dealer Harlan P. Smith circa 1890. When cataloging another note from this same sheet in the spring of 1993, Martin told the story this way: "Though no documentary evidence exists, there is substantial circumstantial evidence that Smith perforated two sheets himself, though he charged very little premium over normal perforated notes. As the variety was listed by Blake, Valentine, Limpert, and Rothert as genuine, it remains highly desirable and collectible." Like all other known pieces, the back design is off center to the left, however, unlike many of the others (see photo Lot. 224 CAA January 7, 1994), the back design is clear of the edge. (2000-up)

Ex Philip G. Straus Collection (New Netherlands Coin Company, 6/16/59); Thomas E. Werner. Obtained from Milton R. Friedberg in trade in the 1970s.



80 **Fr. 1311 50¢ First Issue Very Choice New.** Fully perforated and a Superb Gem in every sense but the left face perforations touch the design. Still, this is among the finest we have seen of this rare variety. (600-up)

82 **Fr. 1313 50¢ First Issue Very Choice New.** Superb in all respects but for the margins, which, although free of the frame line, come close at points. A very rare variety, seldom seen better than Very Fine. (400-up)

Purchased at the Grand Central Coin Convention from Tom Werner in 1971.

5¢ SECOND ISSUE - FR. 1232-1235

Another common issue because of the Fr. 1232 and 1233. Fr. 1235, the fiber paper note, is very scarce in all grades and rare in New and better.

Fr. 1232 - No corner surcharges. Very common.
Fr. 1233 - "18-63" surcharge. Nearly as common
Fr. 1234 - "S-18-63" surcharge. Somewhat scarcer by about a factor of three.
Fr. 1235 - "R-1-18-63" surcharge. Fiber paper, easily 50 times rarer than Fr. 1232.

83 **Fr. 1232 5¢ Second Issue Superb Gem New.** Clearly cut from a sheet for collector purposes as the boardwalk margins stretch the full limit of the space between notes. The entire back plate number 195 is visible in the lower left corner. This note simply cannot exist any better. (350-up)

Acquired privately in 1980.

84 **Fr. 1232 5¢ Second Issue Superb Gem New.** Huge though more normal margins than the previous note, and with the browner back color. The printing quality is a hair sharper than the previous lot. (350-up)

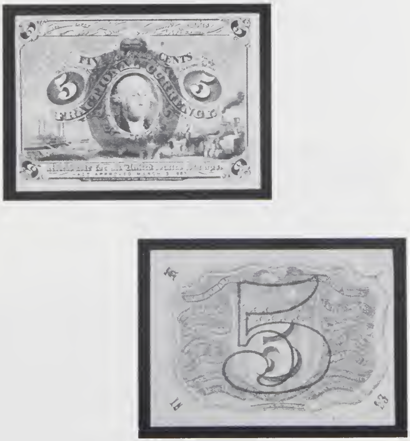
86 **Fr. 1234 5¢ Second Issue Gem New.** Ultimately sharp dark printing on both sides, surrounded by nice even margins. (100-up)
Purchased from William P. Donlon in May of 1974.

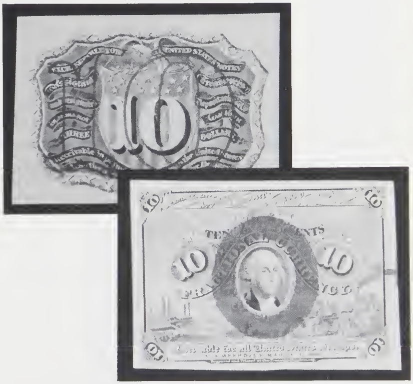


87 **Fr. 1235 5¢ Second Issue Choice New.** This rare fiber paper note does not have the best of centering but was selected and retained by Martin for the clarity of the printing and the excellent appearance of the heavily fibered paper. (350-up)
Acquired from Lester Merkin in 1972.

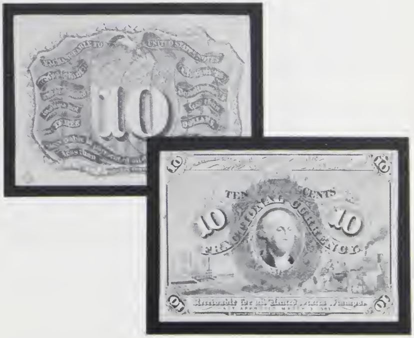
10¢ SECOND ISSUE - FR. 1244-1249

Another common issue with the first two notes being the easiest to find. This issue contains a very scarce underrated note, that being Fr. 1247, the rare fiber paper note Fr. 1249 and the classic rarity Fr. 1248 with perhaps 30 in existence.

Fr. 1244 - No corner surcharges. Very common.
Fr. 1245 - "18-63" surcharge. Nearly as common.
Fr. 1246 - "S-18-63" surcharge. Somewhat scarcer by about a factor of three.
Fr. 1247 - "1-18-63" surcharge. Underrated and easily 50 times scarcer than Fr. 1244.
Fr. 1248 - "0-63" surcharge. Very rare, 25 to 35 in existence.
Fr. 1249 - "T-1-18-63" surcharge. Fiber paper, very scarce. About equal to Fr. 1247.



88 **Fr. 1244 10¢ Second Issue Gem New.** Irregular margins range from large to huge. The back centering is perfect and the printing and colors impeccable. (200-up)
No pedigree available.



89 **Fr. 1245 10¢ Second Issue Choice New.** Rather close margins but superb in every other sense. The bronze is blazing bright. (100-up)

92 **Fr. 1248 10¢ Second Issue New.** Supremely well printed with the ink, paper, and bronze quality as fine as they can be, but the face is far off center to the upper right allowing parts of three other notes to show. This variety is considered to be one of the classic Fractional rarities although we feel it is more common than some of the underrated, less expensive numbers. There are upwards of 25 pieces known, though few grade New or better. (2000-up)

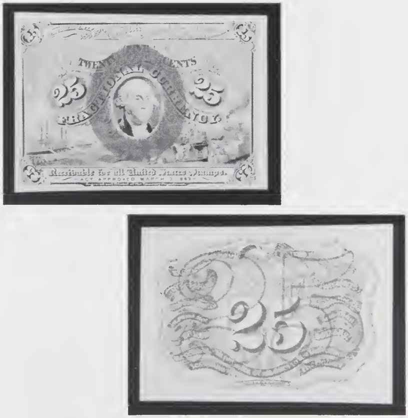
93 **Fr. 1249 10¢ Second Issue Gem New.** A truly magnificent Fiber Paper Ten. The printing is as sharp as on any normal paper note, which is nearly unheard of as this rough paper often led to flaky looking inking. Perfectly centered between four large margins, this is easily the nicest Fr. 1249 we have ever seen. The "T-1-18-63" surcharge on the back is calligraphy sharp. What appears to be a center fold is in reality a fold in the paper before the face and back were joined. All Second Issue Fiber Paper notes were printed on two very thin pieces of paper glued together. This explains why the center fold exists only on the back. (750-up)

Acquired from Ted Kemm in the mid-1970s.

25¢ SECOND ISSUE - FR. 1283-1290

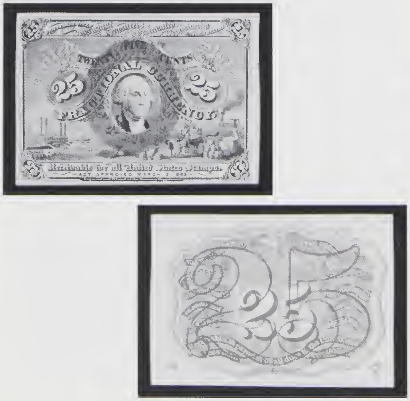
A much less common issue with Fr. 1283 being the most available.

- Fr. 1283 - No corner surcharges. Common.
- Fr. 1284 - "18-63" surcharge. Easily 25 times rarer than Fr. 1283. Quite scarce and underrated.
- Fr. 1285 - "A-18-63" surcharge. Scarce, 10 times rarer than Fr. 1283.
- Fr. 1286 - "S-18-63" surcharge. Scarce, 10 times rarer than Fr. 1283.
- Fr. 1289 - "T-1-18-63" surcharge. Fiber paper, very scarce. Easily 50 times rarer than Fr. 1283.
- Fr. 1290 - "T-2-18-63" surcharge. Fiber paper, very scarce. Easily 50 times rarer than Fr. 1283.



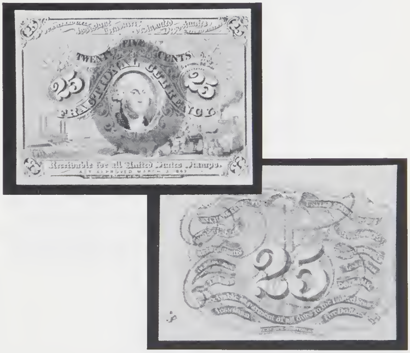
94 **Fr. 1283 25¢ Second Issue Gem New.** Magnificently fresh, well margined and with razor sharp printing on both sides. This is not a rare note, but it certainly is a rare opportunity to acquire one this nice. (250-up)

From a partial Treasury Set acquired from Lester Merkin in the late 1970s.



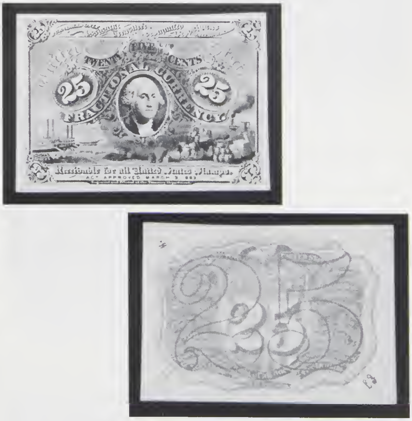
95 **Fr. 1284 25¢ Second Issue Gem New.** Not the very best of margins, but certainly better than are usually seen. Again, the highlight of this note is the extraordinarily detailed printing clarity. The surfaces are fresh and original, and the cargo loading riverbank scene holds its lifelike appearance even under high magnification. When you have spent the better part of 25 years looking at Fractional Currency on a daily basis, you can truly appreciate the quality of these painstakingly hand selected little treasures. True quality transcends technical centering considerations and is anchored in eye appeal. Martin's eye was (and is) the best. (250-up)

Purchased from Bill Donlon at the 1976 New York ANA.



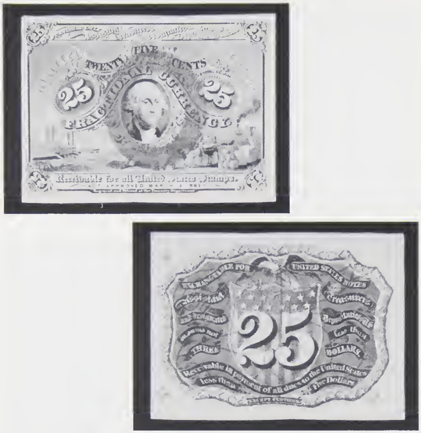
96 **Fr. 1285 25¢ Second Issue Choice New.** Small margins in places and the back design is touching at the right. (100-up)

No pedigree available.



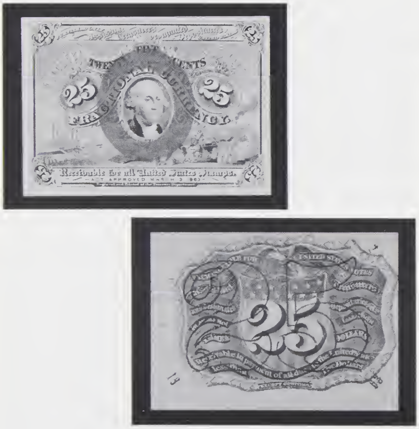
97 **Fr. 1286 25¢ Second Issue Gem New.** Beautiful purple color on the perfectly centered back. The broad even face margins give lots of great eye appeal to this one. (200-up)

Purchased from New Netherlands Coin Company (Charles Wormser) in the early 1970s.



98 **Fr. 1286a 25¢ Second Issue Gem New.** A truly magnificent example of this slate back variety. The ink on this note is not a faded purple or purple black, but a pure, solid, deep slate gray. Margins on both sides are exceptional and all the printing is as sharp as a tack. This is the finest slate back note we have ever seen. (450-up)

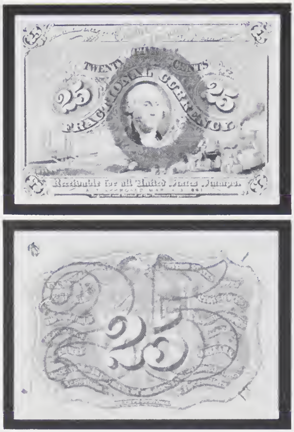
Acquired from a Lester Merkin Auction as a strip of three. Martin cut them apart and retained the finest.



99 **Fr. 1288 25¢ Second Issue Gem New.** Another remarkable Second Issue note that is a Superb Gem from the face. The back centering is a bit off, but the inking and the "2-18-63" bronze surcharge is exquisitely clear. Back plate number 8 shows at the lower left. (350-up)

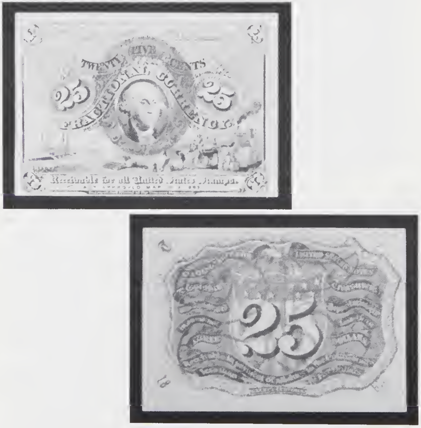
An over-the-counter purchase at the old Macy's coin department in late 1969.

MAGNIFICENT FIBER PAPER FR. 1289



100 **Fr. 1289 25¢ Second Issue Superb Gem New.** Far and away the finest Second Issue fiber paper note in this collection, and arguably the finest to exist. If a nicer one is out there, we've yet to see it. Large even margins, superb color, flashy bright bronze, and a printing quality that is amazing given the presence of the soft, malleable fiber paper. If you love Fractional Currency, please take the time to examine this note at the viewing. You will enjoy it immensely. (1500-up)

Acquired from Bill Donlon shortly before his death in 1978.



101 **Fr. 1290 25¢ Second Issue Gem New.** A really great note in its own right that would stand beautifully as a Gem anyplace except right next to the Fr. 1289. The "T-2-18-63" surcharge is wonderfully clear. (400-up)

Purchased from Lester Merkin in the hotel lobby immediately prior to the 1974 Metro New York show.

50¢ SECOND ISSUE - FR. 1316-1322

A scarce issue with Fr. 1318 the only readily available note. Fr. 1314, long considered to be a key note, exists only as a fake with the surcharges removed.

Fr. 1316 - "18-63" surcharge. Very scarce.
Fr. 1317 - "A-18-63" surcharge. Scarce but slightly more available.
Fr. 1318 - "1-18-63" surcharge. The most available, though still scarce.
Fr. 1320 - "O-1-18-63" surcharge. Fiber paper, very scarce.
Fr. 1321 - "R-2-18-63" surcharge. Fiber paper, very scarce.
Fr. 1322 - "T-1-18-63" surcharge. Fiber paper, the most common of the three fiber paper notes. Not much scarcer than the Fr. 1318.

102 **Fr. 1316 50¢ Second Issue Gem New.** Super centering and lovely colors. The back printing is bright orange and both sides are laser-print sharp. This is a very underrated number, easily 10 times scarcer in high grade than the similarly priced Fr. 1318. (400-up)

Purchased from a Paramount sale in the mid-1970s.

103 **Fr. 1317 50¢ Second Issue Very Choice New.** Another lovely note, well balanced and with a terrific overall impression. (250-up)

Purchased from New Netherlands Coin Company in 1972.

104 **Fr. 1318 50¢ Second Issue Choice New.** Gem from the face but the back is centered to the left. (200-up)

From a partial Treasury Set acquired from Lester Merkin in the late 1970s.

105 **Fr. 1320 50¢ Second Issue Gem New.** More than adequate margins for the grade, and a marvelous “Fresh off the press” look and feel. Once again, this fiber paper note appears at a glance to be printed on regular paper because of its clarity, this in spite of the fact that the paper is obviously heavily fibered. The “O-1-18-63” surcharge is remarkably detailed, allowing all of the intricate “Old English” ‘O’ to be seen. (400-up)

Acquired privately in 1979.

106 **Fr. 1321 50¢ Second Issue Very Choice New.** An absolute Gem from the perfectly centered, exquisitely detailed back. The face is equally sharp but its top margin is close and there is some minor surface wrinkling. It is still an exquisite example of this rare number. (400-up)

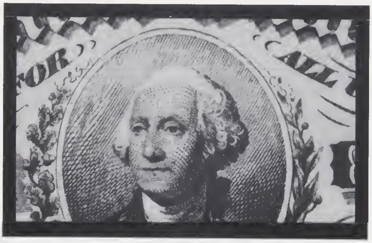
Acquired privately in a trade in March of 1972.

107 **Fr. 1322 50¢ Second Issue Very Choice New.** The most common by far of the Second Issue Fiber Paper notes. It is well-balanced, colorful, and very nearly Gem. (250-up)

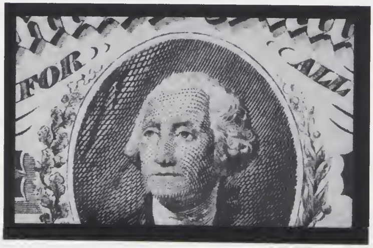
From a Superior sale in the late 1970s.

3¢ THIRD ISSUE - FR. 1226-1227

A common issue with both notes available.



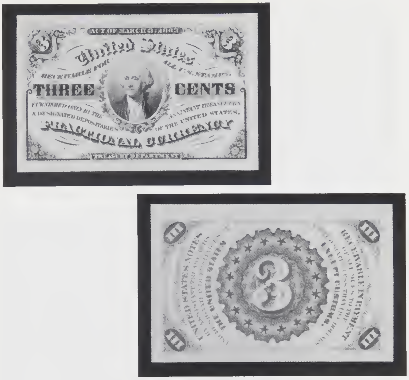
Light Background Fr. 1226



Dark Background Fr. 1227

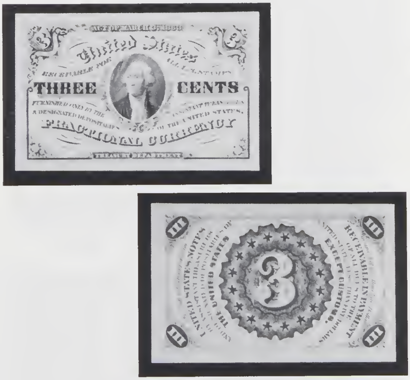
Fr. 1226 - Light background to Washington’s portrait. Very Common.

Fr. 1227 - Dark background to Washington’s portrait. About 10 times scarcer but still common.



108 **Fr. 1226 3¢ Third Issue Superb Gem New.** Incredibly margined and perfectly centered on both sides, clearly cut from a sheet to please the eye of a collector. As fine as could exist. (300-up)
Acquired from Bill Donlon in 1974.

109 **Fr. 1226 3¢ Third Issue Gem New.** A second perfect Gem, this with large but more normal margins. (100-up)
From a Mayflower Coin Auction sale in June of 1974.



110 **Fr. 1227 3¢ Third Issue Superb Gem New.** An utterly amazing Dark Curtain Three Cent. While Light Curtain Fr. 1226s are occasionally seen like this, we have never seen or heard of another 1227 in this class. Needless to say, once again the absolutely needle sharp printing graces both sides. Face place number 63 appears at the lower left. (500-up)
Acquired privately from New Netherlands Coin Company in 1973.

111 **Fr. 1227 3¢ Third Issue Gem New.** Equally lovely but with normal even margins. (250-up)
Purchased from Nat Deutsch in October of 1972.

5¢ THIRD ISSUE - FR. 1236-1239

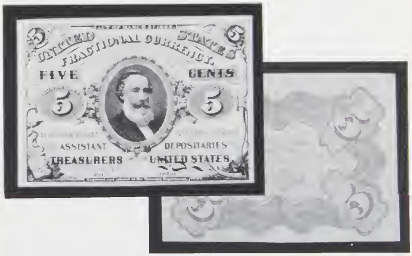
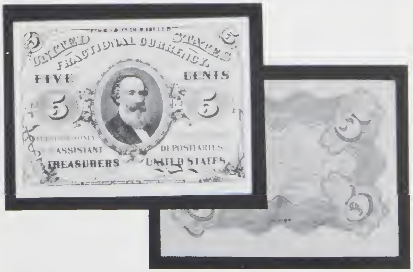
Sheet Layout for 5¢ Clark Notes

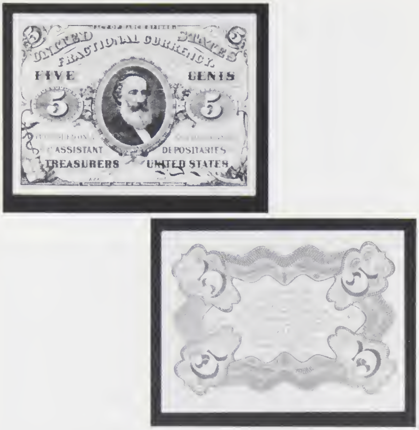
Twenty percent of the notes were from the "a" position. The same sheet layout was used for both the red and green backs.
Fr. 1236 - Red back no "a." Fairly scarce.
Fr. 1237 - Red back with "a." Four times rarer.
Fr. 1238 - Green back no "a." Quite common
Fr. 1239 - Green back with "a." Four times rarer but still common.



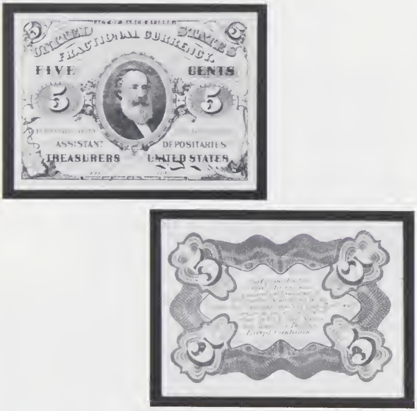
112 **Fr. 1236 5¢ Third Issue Choice New.** A perfect note but with rather ordinary centering. (100-up)
No pedigree available.



113 **Fr. 1237 5¢ Third Issue Superb Gem New.** Lovely large margins, perfect deep color, and free of the ink smears that generally coat these Clark notes from the left end of the sheet. (300-up)
Purchased from Charles Wormser at the 1969 Philadelphia ANA Convention where he signed Martin's ANA membership application.



114 **Fr. 1238 5¢ Third Issue Superb Gem New.** Terrific eye appeal, huge margins, and perfectly centered on both sides. We would be tempted to say that this note was deliberately cut from the sheet for the sake of its margins, but only one Clark sheet exists. Simply super! (250-up)
Purchased from Bill Donlon in 1972.



115 **Fr. 1239 5¢ Third Issue Gem New.** Another truly superb note loaded with deep original embossing, broadly margined, bright, and beautiful. Fr. 1239, in our opinion, is an underrated note in really top shape. (200-up)
Acquired along with the Fr. 1311 from a fellow collector in May of 1972.

10¢ THIRD ISSUE - FR. 1251-1256

A common issue due to the availability of Fr. 1255 and 1256. Although a "1" was used instead of an "a" the plate layout is similar to the 5¢ Third Issue. Fr. 1255a, the Green Back with the hand signed Colby-Spinner signatures, is represented by only two known pieces and is a major key to a fractional set.

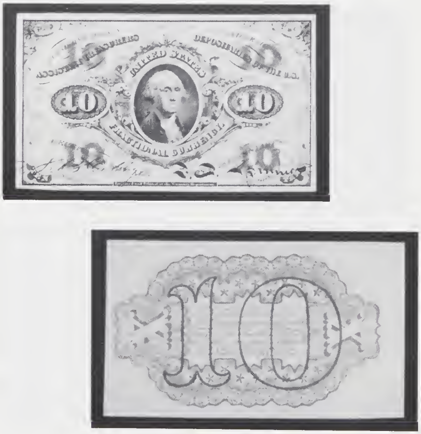
Sheet Layout for 10¢ Third Issue

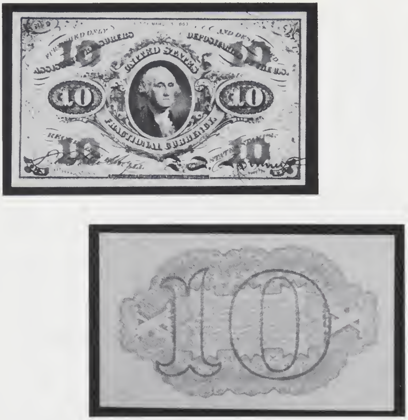
Fr. 1251 - Red Back no "1." Fairly scarce.
Fr. 1252 - Red Back with "1." Three times rarer.
Fr. 1255 - Green Back no "1." Quite common.
Fr. 1256 - Green Back with "1." Three times rarer but still common.

The following three notes were not from the plate with the design number.

Fr. 1253 - Red Back hand signed Colby-Spinner. Scarce but available.
Fr. 1254 - Red Back hand signed Jeffries-Spinner. Twenty-five times rarer than Fr. 1254 and underrated in our opinion.
Fr. 1255a - Green back hand signed Colby-Spinner. Prohibitively rare with only two pieces known to exist.

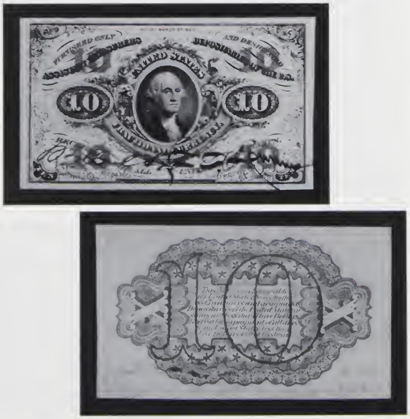


116 **Fr. 1251 10¢ Third Issue Gem New.** Evenly margined and beautifully original; another perfect note. (225-up)
Acquired privately in 1979.



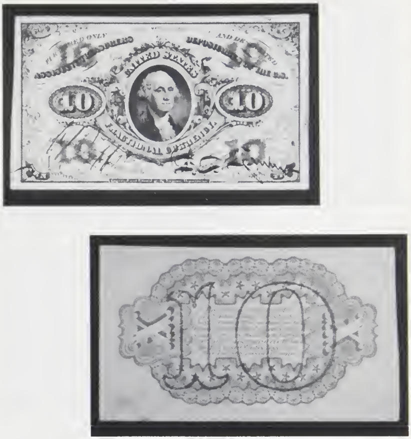
117 **Fr. 1252 Superb Gem New.** Wonder margins and 100% full colors. Again, as with the 5¢ Clark notes, notes from the left edge of the sheet are highly susceptible to press bed smears. This superb note is totally free of them. (350-up)

From a partial Treasury Set acquired from Lester Merkin in the late 1970s.



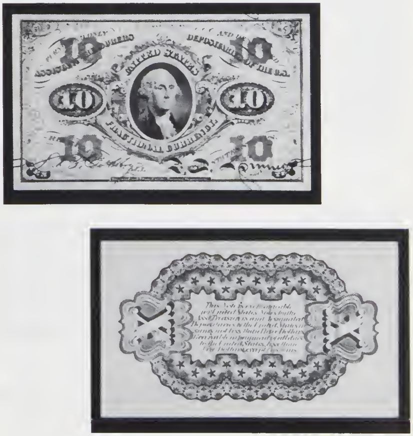
118 **Fr. 1253 10¢ Third Issue Superb Gem New.** The first of the hand signed notes in this magnificent collection is absolutely pristine. Huge even margins, great originality, photograph-like printing quality, and dark bold hand autographed signatures. Stunning. (350-up)

Purchased from Ted Kemm in 1969.



119 **Fr. 1254 10¢ Third Issue Superb Gem New.** Every attribute of the Fr. 1253 is present in spades on this much rarer Jeffries-Spinner hand autographed note. This note is the finest that we have seen and the finest we can imagine existing. (750-up)

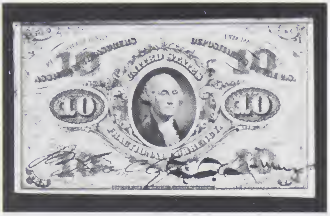
Purchased from Fractional Currency Incorporated in 1978.

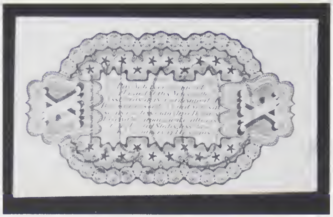


120 **Fr. 1255 10¢ Third Issue Superb Gem New.** The common Green Back from this series, but not at all common in this condition. (125-up)

Purchased from Sheldon Moses in 1977.

FR. 1255a ONE OF ONLY TWO KNOWN TO EXIST





121 **Fr. 1255a 10¢ Third Issue Choice New (Milton 3R10.5).** By far the better of the two pieces known to exist. This lovely note is hand signed by Colby and Spinner but unlike all other hand signed notes, it has the back printed in the green ink used for notes with engraved signatures. Although one might expect that at least a full sheet of these had been produced, only this and one other have ever surfaced. The other known example resides in the Milton Friedberg collection. This is the only note that F.C.C. Boyd was never able to acquire, and it is the first time that any Fr. 1255a has been offered publicly. It is bright and attractive, with a few ink smears about the margins and one large smear running the length of the top margin. No Fractional Collection can ever be complete without this variety, and it is reasonable to assume that no other will be available for decades… if ever. (20,000-up)

Purchased privately from Ted Kemm in 1972. This was Martin's first truly significant acquisition, and the turning point in his decision to assemble the only complete collection of Fractional Currency.

122 **Fr. 1256 10¢ Third Issue Superb Gem New.** Huge margins, great originality, and a partial face plate number. Just for good measure, the sharpest printing we can recall seeing for a note of this variety. (200-up) (Editor's note: Yes, you can buy Gems of this number for under $75; however, I have been dealing in these notes since 1963 and I can tell you that I would not turn this one down at $200 - L.G.)

Purchased from Jerry Moskowitz in 1969.

25¢ THIRD ISSUE - FR. 1291-1300

A common issue because of the Green Backs, Fr. 1294 and 1295, with all other notes being scarce to rare. The plate layout which is similar to that of the 5¢ and 10¢ again uses the "a" at the left and contains three columns, making the "a" notes twice as scarce as the plain.

a		
a		
a		
a		

Sheet Layout – 25¢ Third Issue

There is also some confusion with identifying the Fr. 1296. The "a" is much larger and located 7mm to the lower right of that on the Fr. 1295. The final identification difficulty lies in the Fr. 1291 thru 1928 vs. the Fr. 1299 and 1300. The 25¢ bronze discs on the Fr. 1299 and 1300 are small and solid. They are larger and filigreed on Fr. 1291-1298.

Fr. 1291 - Red Back no "a." Quite scarce.

Fr. 1292 - Red Back with "a." Twice as scarce.

Fr. 1294 - Green Back no "a." Common.

Fr. 1295 - Green Back with "a.' Twice as scarce but still common.

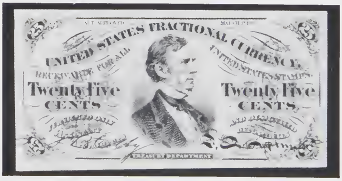
Fr. 1296 - Green Back with large "a." 7mm to the lower right of its normal position. Very rare. 10 to 15 may exist.

Fr. 1297 - Green Back no "a" fiber paper. "M-2-6-5" surcharge, very scarce.

Fr. 1298 - Green Back with "a" fiber paper. "M-2-6-5" surcharge, twice as scarce as Fr. 1297.

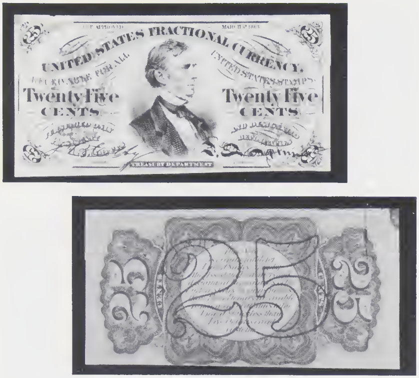
Fr. 1299 - Green Back no "a" fiber paper. "M-2-6-5" surcharge, solid disc. Very rare, 30 or so known.

Fr. 1300 - Green Back with "a" fiber paper. "M-2-6-5" surcharge, solid disc. Extremely rare, 12 or so known.



123 **Fr. 1291 25¢ Third Issue Superb Gem New.** Name a superlative characteristic that a Fractional note can have and it can readily be applied to this ultimate grade note. Unimprovable. (400-up)

Purchased at the 1975 Los Angeles ANA.



124 **Fr. 1292 25¢ Third Issue Choice New.** A Superb Gem in most every sense but with rather ordinary centering. (150-up)
Purchased in the late 1960s on Nassau Street in New York City from E. Strauss.

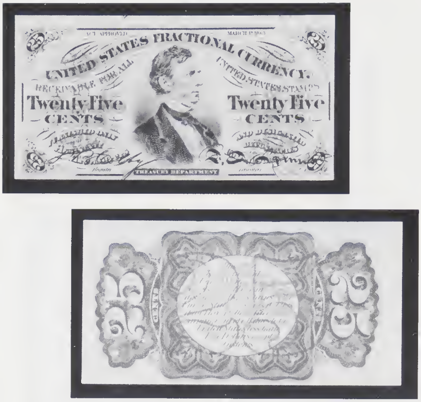
125 **Fr. 1292 25¢ Third Issue Choice About New.** Courtesy autograph of F.E. Spinner on the Red Back. The most significant courtesy autographed note in the entire field of Fractional Currency, as this is the only known courtesy autograph of the "Father of Fractional Currency." Spinner's bold, distinctive signature covers a significant portion of the back. The note itself is downgraded from Choice New due to mounting evidence in the upper corners. (2500-up)
From the Bowers and Ruddy Garrett Sale (3/25/81 lot #2299), the most significant fractional note in the Garrett holdings.



126 **Fr. 1294 25¢ Third Issue Choice New.** Centered to the lower right but incredibly beautiful nonetheless. Ideal surfaces and embossing. (100-up)

127 **Fr. 1295 25¢ Third Issue Gem New.** Common, as is the 1294, but in absolutely marvelous condition. (125-up)

128 **Fr. 1296 25¢ Third Issue (Valentine 41k Milton 2R25.2b) Gem New.** This is the rare variety with the extremely large 'a' seven millimeters to the lower right of its normal position. This shifted position occurred only on face plate number 144 which was one of the 90 plates used. This information was originally reasearched by Martin at the Bureau of Engraving and Printing archives in Washington. He first published his findings in Paper Money Magazine (Volume 11, No. 2, Whole No. 42, page 80) in 1972. This is the second finest example known, slightly superior to the Liechty piece, and slightly inferior to Lot 231 of our June 1994 sale. Bright, deeply originally embossed, and with excellent color. (2000-up)

132 **Fr. 1300 25¢ Third Issue Choice About New (Milton 3R25.3b Limpert C12-r).** Both the Limpert and Milton numbers refer specifically to this unique example which is autographed on the back, "Presented by Dr. Gwinn March 20, 1865." Dr. Gwinn was the chemist hired by Spencer Clark (who was then head of the National Currency Bureau) to develop the anti-counterfeiting paper which this note is printed on. This piece was part of the Joers' Collection for decades, and is attributed to his collection in the Limpert 1947 listing. The Joers' Collection subsequently disappeared from view and resurfaced in the back office of a Cleveland gas station in 1977. The note is lovely, well-matching the other three Fiber Paper Fessendens and with a clear 'a' that defines this note as a 1300. Even without its special status of the only known Gwinn autograph piece, it would be a major rarity, and near the top of the condition census. Only when very special collections reach the market are pieces like this available to the public. Bidders, good luck and congratulations to the new owner. You have acquired one of Martin's favorite pieces and a priceless part of Fractional Currency history. (6000-up)

139 **Fr. 1330 50¢ Third Issue Spinner Superb Gem New.** One of the classic rarities of Fractional Currency, and the finest example we have had the pleasure of handling. Friedberg 1330 is the only opportunity to obtain a piece of U.S. currency hand signed by John New as Treasurer. Several lovely Fr. 1330s have been sold in the past few years, but none have been the equal of this piece. Purchased at the June 1974 Mayflower Coin Auction Sale.

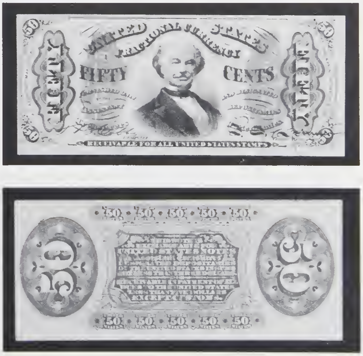
Fr. 1336 - Rarest Greenback Spinner



145 **Fr. 1336 50¢ Third Issue Spinner Very Choice New.** A classic rarity missing from many major collections. Deep original embossing and superb printing quality on both sides. There is a minor ink smear in the somewhat narrow left face margin and another at the top of the back. The four Green Back Spinners with the "A-2-6-5" surcharge are a very rare series and this "1" and "a" note appears as only one of 12 from the sheet. Seldom available in any grade, it is not likely that the opportunity to improve this note will appear any time soon. (2500-up)

147 **Fr. 1338 50¢ Third Issue Spinner Very Choice New.** Again, deeply embossed with strictly original surfaces. Superb in every way but with two smallish margins. The second rarest of the group of four with only two appearances on the sheet of 12. (550-up)

Purchased in 1979 from Fractional Currency Inc.

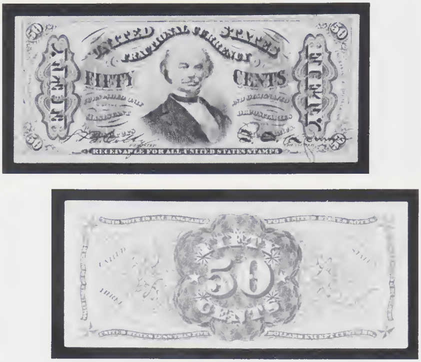
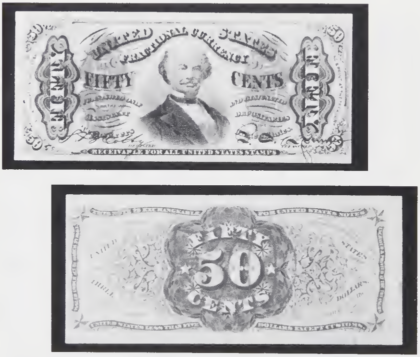
Fr. 1342 - "a" Two of 12. Rare.



148 **Fr. 1339 50¢ Third Issue Spinner Type II Gem New.** A great example of this pretty type with the normal Spinner face but a totally redesigned back. The intricate floral design around the central engine-turned counter creates one of the more attractive Fractional back designs. It's a shame this design was not also used as a Red Back. Well margined with reflective bronze and razor sharp printing on both sides. (500-up)

Purchased from Fractional Currency Incorporated in 1980.



149 **Fr. 1340 50¢ Third Issue Spinner Type II Gem New.** As fine an example of this rare "1" and "a" note as we can ever recall seeing. Wonderfully deep embossing, bright bronze, and a lifelike detailed Spinner vignette. Rare in all grades; prohibitively rare this nice. (1250-up)

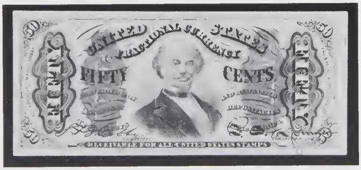
150 **Fr. 1341 50¢ Third Issue Spinner Type II Gem New.** Another simply splendid representation of this tough type. Fresh and wonderful. The repetitiveness of these descriptions is a tribute to Martin's tenacity in searching out the best notes that crossed the market in a 25 year period, during which time many of the finest collections of the 30s, 40s, and 50s were being dispersed. (600-up)

Purchased from Ralph Goldstone on an early 1970's trip to Boston's coin shops.



151 **Fr. 1342 50¢ Third Issue Spinner Type II Superb Gem New.** The finest quality Type II Spinner in this series of four, and the second rarest number. Boardwalk margins all around. Deep original embossing abounds, and the overall appearance is magnetic, drawing the attention of the Fractional specialist and holding it for an inordinate amount of time. Just simply beautiful. Fr. 1352 - "1" & "a" One of 12. Two known.

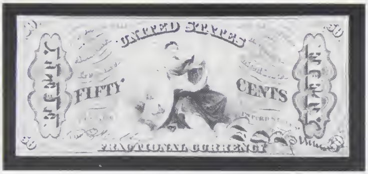
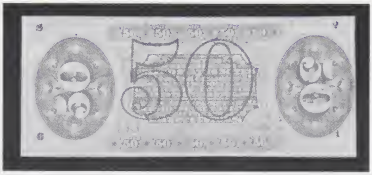
Fr. 1351

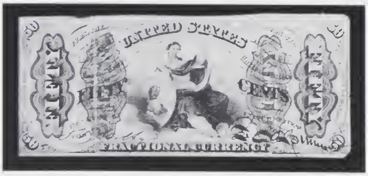


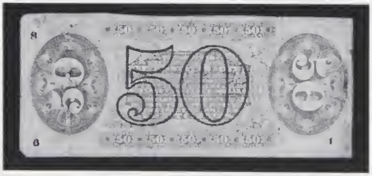


161 **Fr. 1351 50¢ Third Issue Justice Choice New.** Absolutely new in every respect, and without question, utterly original in every way. The surfaces are totally untouched, and the edges completely intact all the way around without a hint of a split or tear. The margins, although small, are 100% clear of the design on all four sides, and the bronze is bright and attractive. At the time of the printing of the Milton Encyclopedia in 1978, only four pieces were known. The current total is either nine or ten with this note. Only one other is close to this example in grade, that being Lot 400 of Fractional Currency Inc.'s June 17, 1980 sale, which brought a hammer price of $11,250. This was the first piece of Fractional Currency to break the $10,000 mark. Currency Auctions of America has handled only one Fr. 1351, that being a miscut Extra Fine in our June, 1994 sale, which brought $6875. This far superior piece, with its illustrious pedigree, will certainly realize far more. (10,000-up)

Ex Josiah K. Lilly Collection (Robert Siegel Galleries, 9/13/67); Robert A. Russell Collection (Bowers & Ruddy, 6/20/77).

Fr. 1352 – One of Two Known

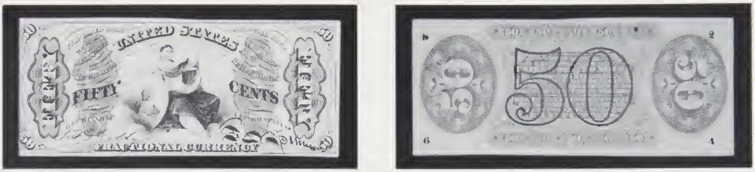




162 **Fr. 1352 50¢ Third Issue Justice Fine.** One of only two known in existence, the second of which has never been seen publicly. To this cataloguer, that constitutes only a rumored existence. This is the first time that a Fr. 1352 has ever been available publicly, and it is the only note still lacking in the Milton Friedberg Collection. Since the Judson Brenner Collection was sold in the early part of this century, this note has only changed hands twice. The note itself is printed on very heavy fiber paper. The printing is strong, with the exception of the top edge of the face, which is rather weak. The top and bottom margins are large, the right margin is adequate with a miniscule chip, and the left face margin is quite close. The upper and lower right corners are rounded, with the other two corners being sharp for the grade. The 'S,' '6' and '4' of the surcharge are distinct, and the '2' is weak but visible. This is one of the two key pieces to a collection of Fractional Currency, and its sale will allow another magnificent collection to become complete. (20,000-up)

Purchased privately out of the Boyd Collection in 1979, 20 years after Boyd's death. This note was found in a box of notes that Boyd was working on at the time of his death in 1958.

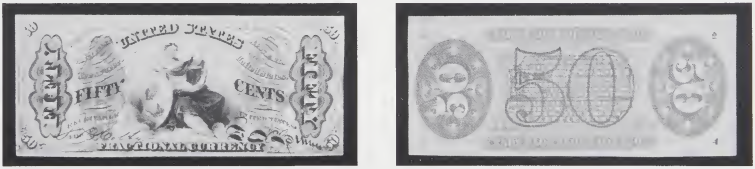
Fr. 1353



163 **Fr. 1353 50¢ Third Issue Justice Choice About New.** Lovely and extremely rare, with only three pieces known to exist at the time of the writing of the Milton Friedberg Encyclopedia, one of which was damaged. Since that time, three more have surfaced: another About New and two damaged pieces, one severely so. In our opinion, this is the visually most pleasing of this extraordinary series of four notes. Three of the margins are excellent, though the fourth slightly cuts the design. It is clean and very bright for this type of fiber paper, and the printing quality is remarkable. There are no signs of circulation soil, and only one very light fold. At the bottom center of the back, a tiny split has been repaired with a small piece of stamp hinge. It is certainly in the running with Lot 84 of our November, 1990 sale for finest known. That note was technically finer due to its lack of folds and splits but had some surface soil; this note, at worst, is the second finest known, and to our eye is a more attractive piece. (10,000-up)

Ex Maurice M. Burgett Collection (Abe Kosoff, 8/13/58); "Winthrop" Sale (Bowers & Ruddy, 9/19/75: Lot 1235).

Fr. 1354



164 **Fr. 1354 50¢ Third Issue Justice About New.** Although the note has two folds, both are light and invisible to the casual observer. It is perfectly clean without a hint of circulation soil, and the grade of Extra Fine which has been applied to the note in the past we feel is too low. Three excellent margins, with the right face margin very small but free of the design. The back centering is ideal. Very bright, including the bronze, and perfectly printed except for slight weakness at the very top of the face. The 'S-2-6-4' surcharge is bright and clear. This Fr. 1354 was the only note of the series of four that Matt Rothert, who collected for over 30 years, was ever able to obtain. (10,000-up)

Fr. 1356 - "A-2-6-5" surcharges. Colby-Spinner signatures. Roughly twice as scarce as Fr. 1355.

Fr. 1357 - "S-2-6-4" surcharges. Fiber paper. Colby-Spinner signatures. Very scarce. Approximately ten times rarer than Fr. 1355.

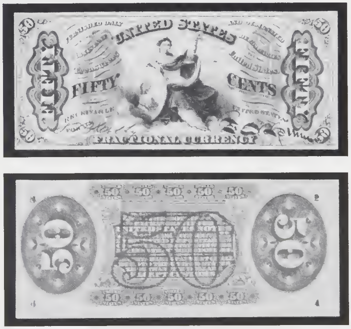
Fr. 1373a Printed Signatures - Green Back, "S-2-6-4" Surcharge

A note unto itself and in a class with the Fr. 1351-1354 notes. There are a total of 9 known, most of which trace their origins to a block of eight owned by Judson Brenner at the turn of the century.
Fr. 1373a - Extremely rare. Nine known.

Finest Known Fr. 1373a



187 **Fr. 1373a 50¢ Third Issue Justice Choice About New.** The finest known Fr. 1373a. Similar in grade to the second finest known sold as Lot 284a in our November, 1992 auction for $12,650, except that this lovely note is fully margined on all four sides whereas that piece was cut in at the left. This example is clearly one of the singles from the block of eight which appeared in a 1903 Chapman sale. It was purchased at that time by Judson Brenner, an early President of the American Numismatic Association. Since that time, four notes have been cut into singles, this being the finest of them. In total, nine notes are known for Fr. 1373a, five singles and a block of four. Several of the singles are damaged and one is heavily circulated, leaving only two high grade notes available. The other, previously mentioned, is in strong hands and not likely to reach the market any time soon. (15,000-up)

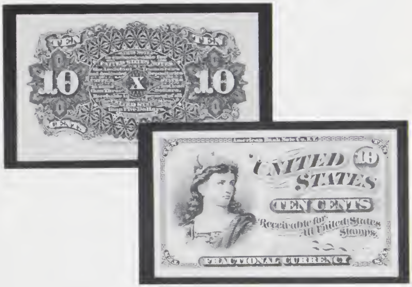
Ex-Monroe J. Friedman (S.H.& H. Chapman, June 3, 1903); Judson Brenner; F.C.C. Boyd; Southwest dealer inventory; Rockholt Sale (NASCA, 9/12/81). This was the last note purchased to complete the regular issue collection.

188 **Letter to D.N. Morgan by Judson Brenner.** A letter dated February 27, 1908 from Judson Brenner to then former treasurer Daniel Morgan discussing his sale of his Fractional Currency collection (to F.C.C. Boyd - not mentioned) and thanking Morgan for a copy of a December 29, 1907 N.Y.Herald article which Morgan has sent to Brenner. The article details Brenner's Fractional collection and is also in this lot . This letter *From the Gengerke Collection* is one of the nicest association items we have handled. The Fr. 1373a, the previous lot, was part of the Brenner Collection. (100-up)

10¢ FOURTH ISSUE - FR. 1257-1261

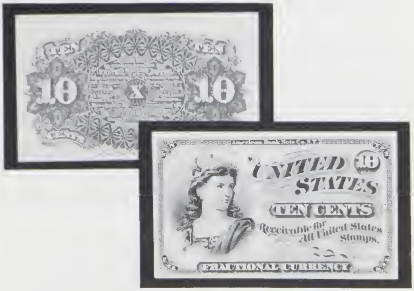
A very common issue with all four notes readily available. The watermark that appears on the Fr. 1257 is a linked repetitive USUSUSUS that is most easily seen in the margin area. The large seal Fr. 1259 and the small seal Fr. 1261 are only two millimeters apart in size "38mm vs. 40mm" but there are differences other than size that make them easy to tell apart. (Refer to photos with the 15¢ notes below). Also, the blue stain is far more pronounced on the right end to the Fr. 1259 but the Fr. 1261 has far more small blue fibers at the right.

Fr. 1257 - Watermarked USUSUS. Large seal . Very common.
Fr. 1258 - No watermark large seal. Slightly scarcer.
Fr. 1259 - Blue end large seal. Slightly scarcer.
Fr. 1261 - Blue end small seal. Scarcest of the four but still common.



189 **Fr. 1257 10¢ Fourth Issue Superb Gem New.** Hugely margined, as big as we've ever seen for this note, with the excessively wide bottom margin containing the seal plate number 14. Martin was particularly attracted to seal plate numbers which are very difficult to find as they generally are in the margin area and would be cut in half by trimming. This note is readily available in all grades, including Gem, but this piece is in a class by itself. In spite of its common status as an independent dealer, I would not hesitate to pay… (150-up)

Purchased from William Donlon in 1973.



190 **Fr. 1258 10¢ Fourth Issue Superb Gem New.** Another impeccable note, this with seal plate number 29 in the top margin. (100-up)

Pedigree unknown.

192 **Fr. 1261 10¢ Fourth Issue Gem New.** Very well centered on both sides and excessively heavily fibered, resulting in an unusually attractive appearance. (100-up)

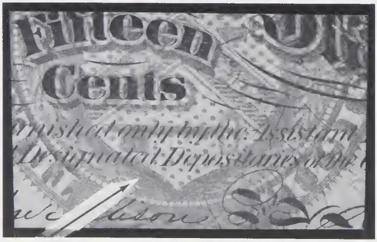
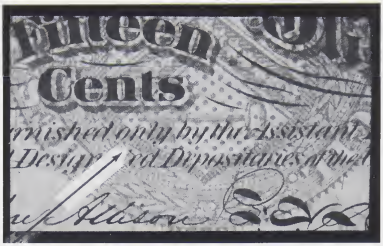
15¢ FOURTH ISSUE - FR. 1267-1271

A scarcer issue and the only issue of circulating 15¢ notes. The identification of the different numbers is exactly the same as the 10¢ notes. The major difference with this issue is the relative rarity. The Fr. 1267 accounts for about 90% of all the notes.



Large Seal (No stripes at Shield edge)



Small Seal (Stripes at Shield edge)

Fr. 1267 - Watermarked USUSUS large seal. Very common.

Fr. 1268 - No Watermark large seal. Very rare and almost always misattributed as the watermark is present but hard to find.

Fr. 1269 - Blue end large seal. Fifteen times scarcer than Fr. 1267.

Fr. 1271 - Blue end small seal. About 20 times scarcer than Fr. 1267.

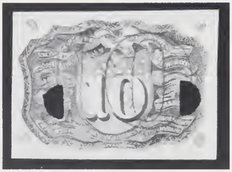
NEGATIVE IMAGE "D-5-18-63" EXPERIMENTAL NOTE



219 **Milton 2E10R.1. Negative Image Experimental 10¢ Back Superb Gem New.** One of only two known examples. The engraving is referred to as a negative image since many of the darkest areas on the adopted design are white and the white areas of the adopted design are dark. The corner surcharges on this unadopted design read "D-5-18-63", a surcharge that was never used on an issued note. This is the first of these negative image essays to reach the market in many years. (3000-up)

From the Martin Gengerke Collection. Formerly from the Superior Galleries Fraser Sale in 1982.

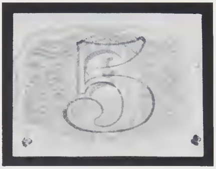
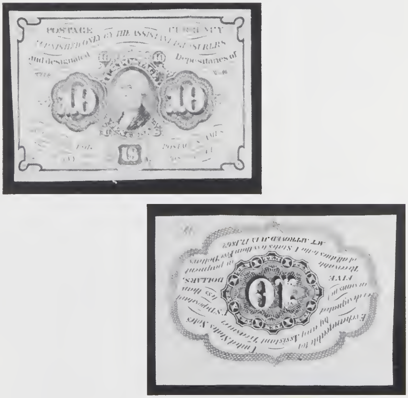
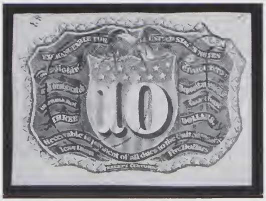
SPECTACULAR GROUP OF INVERTS



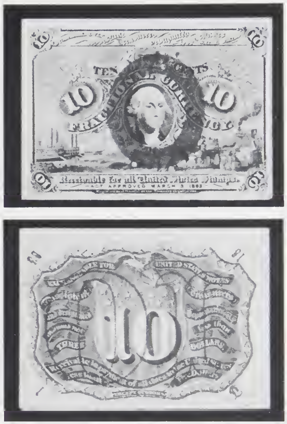
220 **Fr. 1233 5¢ Second Issue Invert About New.** One of four known and the plate note from the Friedberg Encyclopedia. Milton 2R5.2F. This note *from the Gengerke Collection* is another impressive rarity, seldom available at any price. (800-up)



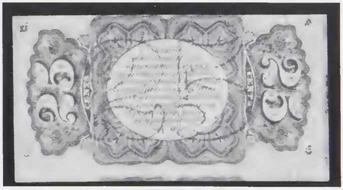
221 **Fr. 1242 10¢ First Issue Invert Choice About New.** Inverted back printing Milton 1R10.4d. About 15 pieces known, making it one of the more available inverts. Still very popular yet difficult to obtain. *From the Gengerke Collection.* (250-up)



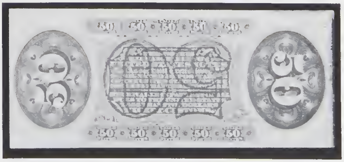
222 **Fr. 1245 10¢ Second Issue Invert About New.** This Milton 2R10.2d note is *from the Gengerke Collection* and is the Milton plate note (with the wrong side photographed). About eight pieces are known for all grades, this one being near the top of the census. (450-up)



223 **Fr. 1249 10¢ Second Issue Invert Extra Fine.** This fiber paper 10¢ is a scarce note in its own right but prohibitively rare as an invert. This note was unique as of the writing of the Milton Encyclopedia in 1978 with the only known example in Milt's collection having been in the June 19, 1926 Hesslein Sale Lot 1340. With the recent discovery of this piece, there are now two known. Bright, original and extremely well margined, we expect this note to realize… (1500-up)



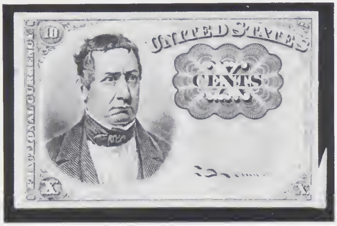
224 **Fr. 1298 25¢ Third Issue Invert Very Fine.** Milton 3R25.4b. This piece *from the Martin Gengerke Collection* is one of only two known to exist. This note has the bronze surcharges positioned properly but the reverse engraving is inverted. (1200-up)



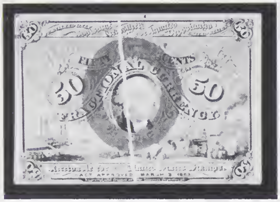
225 **Fr. 1332 50¢ Third Issue Spinner Invert About New.** Listed in Milton as number 3R50.19M, this "1" and "a" invert *from the Gengerke Collection* is one of just three known. (750-up)

ERROR FRACTIONAL

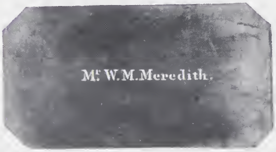
226 **Fr. 1233 5¢ Second Issue Choice New.** There is a gutter fold which opens to a white streak, both face and back, when pulled. An unusual error on Fractionals. (100-up)



227 **Fr. 1266 10¢ Fifth Issue Choice New.** There is a minor but eye catching cutting error at the lower right. (75-up)

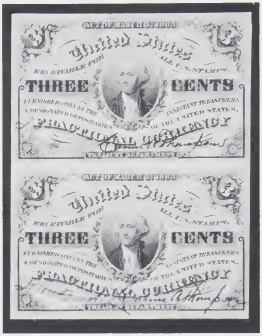


228 **Fr. 1321 50¢ Second Issue Fiber Paper.** A broad (for Fractional Currency) gutter fold bisects the center of this very scarce fiber paper note on both sides. A very scarce error *from the Gengerke Collection* which grades **About New**. (250-up)

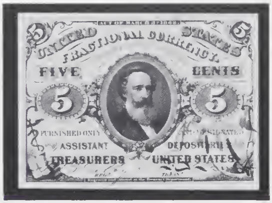


229 **William Meredith Association Lot.** A group *from the Martin Gengerke Collection* which contains a Fr. 1266 Fifth Issue 10¢ Note with William Meredith's portrait, a check dated May 16, 1828 in his hand, a B.E.P. vignette of the same engraving as the 10¢ Note and a metal template used by Meredith to make business or calling cards. This last, a common desk item in the first half of the last century, traces its history back through the Gengerke Collection to the Chapman brothers with David Bullowa and Lester Merkin in between (200-up)

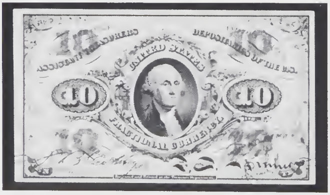
COURTESY AUTOGRAPH FRACTIONAL



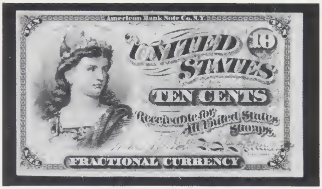
230 **3¢ Double Courtesy Autograph.** A vertical pair of Fr. 1226 Third Issue 3¢ Notes signed by both John Burke (Treasurer April 1, 1913-January 5, 1921) and Carmi Thompson (Treasurer November 22, 1912-March 31, 1913), originally from a block of 15 sold at auction by Bill Donlon on April 30, 1976. This nice pair *from the Gengerke Collection* is Milton number 3R3.1m and grades **Choice New**. (500-up)



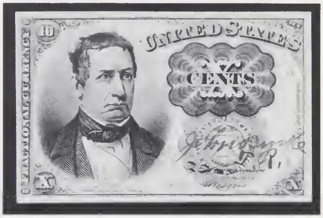
231 **Fr. 1238 5¢ Third Issue Courtesy Autograph Gem New.** Signed by John Burke above Spinner's printed signature. (200-up)



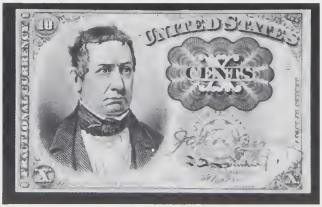
232 **Fr. 1255 10¢ Third Issue Courtesy Autograph.** The note grades Gem New and is autographed by John Burke above the printed Spinner signature. (125-up)



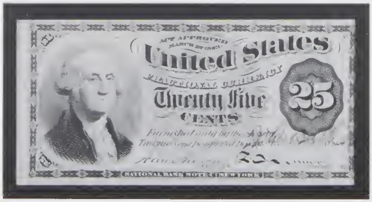
233 **Fr. 1257 10¢ Fourth Issue Courtesy Autograph.** This pretty note grades **Choice New** and is autographed in bright red by Carmi Thompson. (150-up)



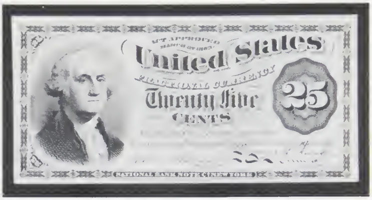
234 **Fr. 1264 10¢ Fifth Issue Courtesy Autograph.** This **Gem New** green seal is boldly autographed by John Burke. (200-up)



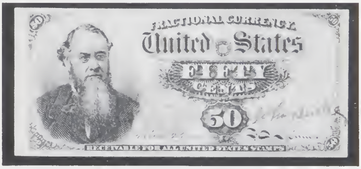
235 **Fr. 1264 10¢ Fifth Issue Courtesy Autograph.** This **Choice New** note *from the Gengerke Collection* is signed by John Burke across the green seal. (200-up)



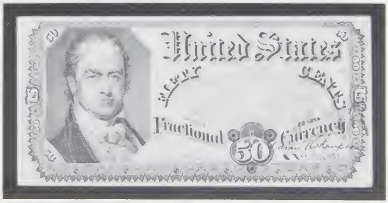
236 **Fr. 1301 25¢ Fourth Issue Courtesy Autograph.** Another **Choice New** autograph note *from the Gengerke Collection.* This has a John Burke signature above Spinner's printed signature. (200-up)



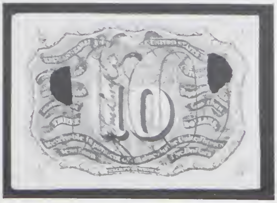
237 **Fr. 1301 25¢ Fourth Issue Courtesy Autograph. A Gem New** example which contains the full red seal plate #6 and Carmi Thompson's autograph directly above Spinner's printed signature. (150-up)



238 **Fr. 1376 50¢ Fourth Issue Stanton Courtesy Autograph.** Grading **Choice New**, this good looking Stanton is autographed on the bright blue right end by John Burke. Stanton courtesy autographs are seldom seen, and we can recall only two others. (200-up)



239 **Fr. 1381 50¢ Fifth Issue Courtesy Autograph.** The double courtesy autograph of John Burke and Carmi Thompson appear on the face of this **Choice New** note. (175-up)



240 **Experimental Note Courtesy Autograph.** A great autograph note of John Burke *from the Gengerke Collection.* V-234, Milton 2E10R.46. This Second Issue stamped and cancelled note grades **Gem New**. (450-up)

241 **Fr. 1242 10¢ First Issue Vertical Pair Extra Fine.** On the back "Dan Morgan to Little May, Don't spend this and you will never be out of money - pocket piece, Christmas, 1875." (125-up)

POSTAGE ENVELOPES

Used early in the Civil War during the first days of the severe coin shortage, these merchant envelopes were true emergency money and an important part of the transition period from chaos to Postage Currency. They were used to contain and preserve postage stamps of the value stated on the face and circulated along with Encased Postage Stamps and loose stamps. In our combined 70+ years in the business we have seen less than a total of fifty of these envelopes in all conditions and varieties.

242 **Postage Envelope 25¢ Wm. Murphy, 438 Canal St. New York.** Unlisted by Friedberg and mentioned only by merchant with no description or denomination in Krause-Lemke. An extremely unusual square format. At the top of the back flap in very small print is "Made by Wm. Murphy, 438 Canal St, New York. It appears that Mr. Murphy was a manufacturer of these envelopes as a commercial venture, not a merchant using them for advertising. This envelope is perfect. We have handled a slightly flawed example of this identical issue in our January, 1994 sale, lot 181, with a slightly torn back flap. It sold for $770. This pristine example should realize… (900-up)

243 **Postage Envelope 25¢ H. Smith Envelope Manufacturer, New York.** A blue-green 25¢ envelope *from the Gengerke Collection* in perfect condition. The flap is glued down. (300-up)

ADDITIONAL FRACTIONAL CURRENCY CONSIGNMENTS

FIRST ISSUE

244 **Fr. 1228 5¢ First Issue Superb Gem New.** A real honey with deep perforations, large margins and excellent centering on both sides. These are way undervalued when they're found this nice. (400-up)

245 **Fr. 1229 5¢ First Issue Choice New.** The tougher by far variety without the ABNCo monogram. Fully and deeply perforated on all four sides. (200-up)

246 **Fr. 1229 5¢ First Issue Extra Fine.** Fully perforated but not well centered. (75-up)

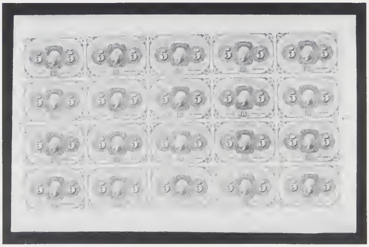
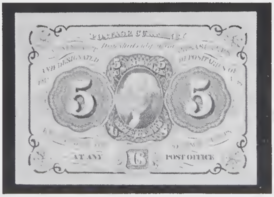
Lovely Fr. 1230 Sheet

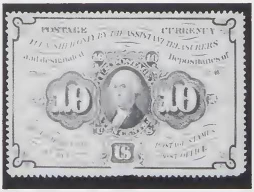


247 **Fr. 1230 5¢ First Issue Full Sheet of 20.** All 20 of the notes and the sheet overall grade an attractive **Superb Gem New**. Just as nice as lot 232 of our Leichty Sale which brought $1,210 in January of 1994, and at least the equal of any we have ever seen or handled. (1750-up)

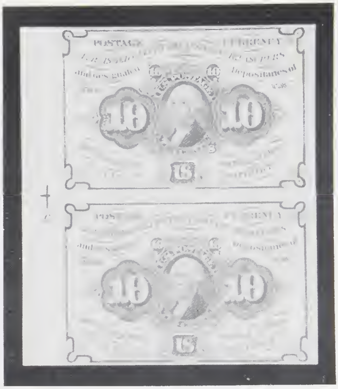


248 **Fr. 1230 5¢ First Issue Gem New.** Huge face margins suggest this was clearly cut from a sheet specifically for this purpose. The back is somewhat off center. (125-up)

249 **Fr. 1231 5¢ First Issue Very Choice New.** Tightly margined at the bottom, otherwise a full Gem example of this scarce no-monogram note. (225-up)



250 **Fr. 1240 10¢ First Issue Gem New.** Well centered and fully perforated all the way around. A little Fractional jewel! (250-up)

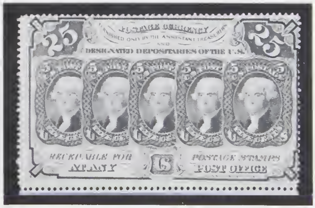


251 **Fr. 1242 10¢ First Issue Gem New Vertical Pair.** This is the plate number pair with the wide left sheet margin showing plate number 6. A lovely unfolded duo. (250-up)

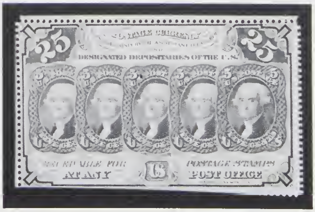
252 **Fr. 1242 10¢ First Issue Vertical Strip of Four.** The strip itself and each of the notes grade **Choice New.** (250-up)

253 **Fr. 1242 10¢ First Issue Very Choice New.** Nearly a Gem. (40-up)

254 **Fr. 1243 10¢ First Issue About New.** The scarce no monogram variety. (100-up)



255 **Fr. 1279 25¢ First Issue Very Choice New.** Gem in every respect but for the face margins, two being huge and two being tight. Still well worth… (250-up)



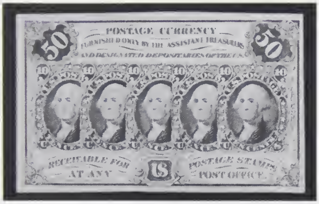
256 **Fr. 1279 25¢ First Issue Choice New.** But for a mostly straight bottom edge, this brightly colored note would be a Gem. Two strips of margin remain outside the perforations. (225-up)

257 **Fr. 1281 25¢ First Issue Choice New.** (60-up)

258 **Fr. 1282 25¢ First Issue About New.** This is the rare no monogram type. (125-up)

259 **Fr. 1282 25¢ First Issue Extra Fine.** Scarce straight edge no monogram variety. (100-up)

260 **Fr. 1311 50¢ First Issue Extra Fine.** The perforated, no monogram variety. This slightly circulated, well balanced example has the lightly hand written date of August 28, 1862 on the back. (100-up)



261 **Fr. 1312 50¢ First Issue Gem New.** A lovely example of a note that is common in lower grades but is quite scarce this nice. (200-up)

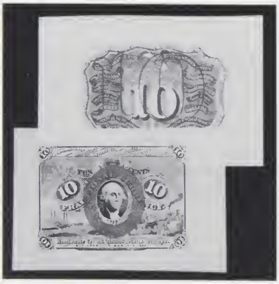
262 **Fr. 1313 50¢ First Issue New.** Small but even margins. This note is rare in all grades. (150-up)

263 **Fr. 1313 50¢ First Issue Fine.** Rare and flawless for the grade. (75-up)

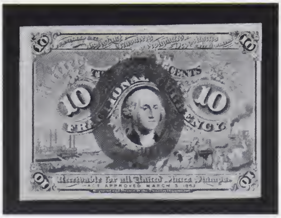
264 **Fr. 1313SP 50¢ First Issue Wide Margin Pair Gem New.** A great pair. Fully wide and with terrific color. (400-up)

SECOND ISSUE

265 **Fr. 1232 5¢ Block of 4.** All four notes and the block itself grade **Extra Fine**. (75-up)



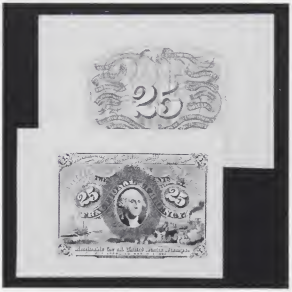
266 **Fr. 1244SP 10¢ Second Issue Wide Margin Pair Gem New.** Really nice margins and fully bright. A premium pair. (2 pieces) (400-up)



267 **Fr. 1247 10¢ Second Issue Gem New.** A terrific looking example of this “sleeper” number. A slightly superior example sold as lot 188 in our June sale of the Haynie Collection for $660. This note falls between that note and the Choice New in our Liechty Sale which brought $297. (400-up)

268 **Fr. 1247 10¢ Second Issue Choice New.** Typical margins on this tough number. (150-up)

269 **Fr. 1249 10¢ Second Issue Very Fine.** Quite a decent circulated example of this rare fiber paper note. (70-up)



270 **Fr. 1283SP 25¢ Second Issue Wide Margin Pair Gem New.** Both the face and the back are lovely. The back is extra wide. (2 pieces) (300-up)

271 **Fr. 1288 25¢ Second Issue Gem New.** Broad margins and near perfect centering on both sides. Even the bronze oval is right on center. Super quality for this Friedberg number. (250-up)

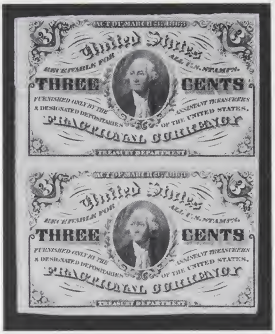
272 **Fr. 1314SP Wide Margin Pair Choice New.** A nice pair but the face is not fully wide. (2 pieces) (200-up)

273 **Fr. 1316 50¢ Second Issue Very Choice New.** A near Gem example of this tougher number showing back plate #7 in the lower right corner. (200-up)

274 **Fr. 1317 50¢ Second Issue Very Choice New.** A great example of this scarce note. The bronze is extremely bright and the back exhibits the orange color so typical of this number. (225-up)

275 **Fr. 1318 50¢ Second Issue Choice New.** Two large and two small face margins. The back is brightly colored and well centered with the "1-18-63" surcharge perfectly sharp showing all the numbers in the exact style that we are intended to see but so seldom do. (125-up)

THIRD ISSUE



276 **Fr. 1227 3¢ Third Issue Vertical Pair Extra Fine.** Multiples of the dark background 3¢ note are quite scarce. This is a nice one. (150-up)

277 **Fr. 1237 5¢ Third Issue Choice New.** Scarce. (125-up)

278 **Fr. 1237 5¢ Third Issue About New.** The much tougher Red Back with the design letter "a." (85-up)

279 **Fr. 1238 5¢ Third Issue Gem New.** A lovely note with exceptional margins and good colors and printing quality. (80-up)

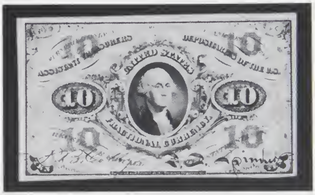
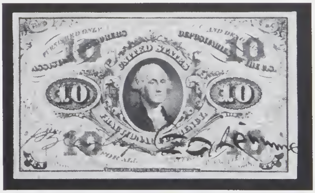
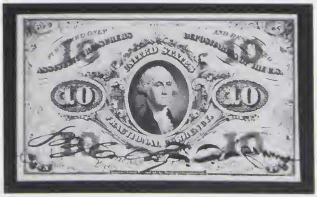
281 **Fr. 1251 10¢ Third Issue Gem New.** An exceptionally nice Red Back note with well balanced margins. (225-up)



282 **Fr. 1251 10¢ Third Issue Very Choice New.** A bit tight at the bottom center, otherwise a perfect Gem. The back is the most ideal Red Back one could ever hope for with superb color and 100% perfect centering. (150-up)



283 **Fr. 1253 10¢ Third Issue Gem New.** A really pretty hand signed Red Back. (200-up)



284 **Fr. 1253 10¢ Third Issue Very Choice New.** Really well printed. Looking closely at this design (which a sharply printed note as this one allows you to do) can really give you an appreciation of the intricacies of the engraver's art. (150-up)

285 **Fr. 1253 10¢ Third Issue Choice New.** Broad, even margins. (125-up)

286 **Fr. 1253 10¢ Third Issue. New** and nearly Choice. (75-up)

287 **Fr. 1256 10¢ Third Issue Gem New.** Exceptionally broad margins. (100-up)

288 **Fr. 1257 10¢ Fourth Issue Very Choice New.** Most of the seal plate No. 13 shows in the extra wide top margin. (50-up)

289 **Fr. 1258 10¢ Fourth Issue Gem New.** A lovely example of what is actually a scarce note in this grade. (80-up)

290 **Fr. 1258 10¢ Fourth Issue Gem New.** Lovely and with perfectly balanced margins both face and back. Larger than normal pink silk fibers add considerably to the eye appeal of this note. This issue tends to be overlooked because it is so common, but with the combination of the technical grade and great eye appeal, these are not common at all. (80-up)

291 **Fr. 1258 10¢ Fourth Issue Very Choice New.** (50-up)

292 **Fr.1272SP 15¢ Third Issue Wide Margin Pair.** A very lovely Grant-Sherman pair that is just about as nice as these can ever come. (2 pieces) (600-up)

293 **Fr. 1272SP 15¢ Third Issue Wide Margin Pair Extra Fine.** Exceptionally large margins, particularly on the face. (150-up)

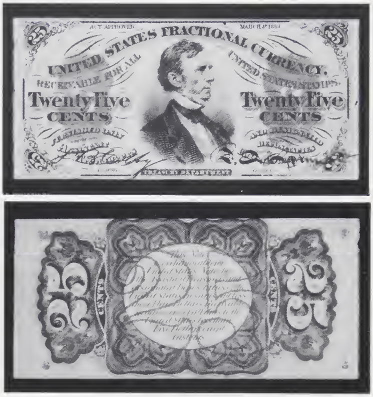
294 **Fr. 1291 25¢ Third Issue Superb Gem New.** A flawless Red Back which exhibits both a partial face plate number and the complete back plate #1. (350-up)

295 **Fr. 1292 25¢ Third Issue Gem New.** Terrific centering and colors. A very nice Red Back Fessenden. (300-up)

296 **Fr. 1294 25¢ Third Issue New.** Nearly Choice. (40-up)

297 **Fr. 1297 25¢ Third Issue About New.** This nice Fessenden on heavy fiber paper is unusually well centered. (75-up)

Magnificent Fr. 1300



298 **Fr. 1300 25¢ Third Issue Choice New.** The overall finest example of this rare note that we have had the pleasure of handling. Totally free of damage and bright for a fiber paper Fessenden, this great note has readily apparent deep original embossing testifying to its totally unmolested condition. The bronze is bright and reflective on both sides. With just a bit more margin at the top and bottom, this classic rarity would actually grade Gem New. The purchaser of Lot 132 from the Gengerke Collection should seriously consider this Fr. 1300 as its ideal collection-mate. We really like this note. (4000-up)

299 **Fr. 1324 50¢ Third Issue Spinner New.** Nearly Choice. (125-up)

300 **Fr. 1324SP 50¢ Third Issue Wide Margin Pair Gem New.** A superb fully wide Spinner pair. (2 pieces) (400-up)

302 **Fr. 1328 50¢ Third Issue Spinner Choice New.** Gem appearing but the margins are too close at the top and bottom for that grade. The centering is more like that of a hand signed Justice Note rather than a Spinner. (150-up)

The bronze is beautifully fully bright and the printing and paper quality are excellent. To the best of our knowledge, this is one of only six Fr. 1371s grading New or better. While certainly not a premium example, it is nonetheless nice enough looking to be worth… (1250-up)

ENCASED POSTAGE

This group of Encased Postage is small however, the quality overall is so outstanding that they should not be overlooked. Encased Postage is not common in any shape, and often not a single piece will be available on a major convention floor. Most of these examples are from a single consignor who spent years assembling this small group of choice pieces.

The bonds were issued for 20 years and paid 7% interest. Opponents of the project brought suit and the act authorizing issuance of the bonds was declared unconstitutional. The bonds were recalled and destroyed. An attractive brown and green Bond with all coupons still attached and language of the authorizing legislation on the reverse. Beginning to brittle and with splits along the quarterfolds, an ideal item to frame for display and preservation. (250-350)

Booklet measures 4" x 6 1/4" and contains a nine panel fold out panorama of the Battle of Gettysburg. All nine panels are fully intact. Copyright 1884 by the National Panorama Company, Chicago. A history of counterfeiting in the United States focusing on the activities of particular criminals of the period. A difficult volume to put down once you start reading. Displays considerable use with the spine split and the pages separating from the spine. A candidate for rebinding.

History of American Currency by William G. Sumner, New York: Henry Holt and Company, 1884. A financial and economic history of the United States, a subject previous generations have apparently found somewhat less intriguing than the exploits of counterfeiters as this volume shows minimal to modest wear with the spine unbroken and fully intact. NOTICE.

REMEMBER, I am yet buying Bank Notes on most all of the old Southern Banks, viz: Virginia, Kentucky, Missouri, Tennessee, Georgia, North and South Carolina, Alabama and Louisiana, at their depreciated value. A touch nicer than the inverted third printing example in our Memphis auction which realized $385.00. These early inverts are far harder to find than their contemporary counterparts. (300-500)

Fr. 1602 $1.00 1928B Silver Certificates. Gem Crisp Uncirculated.

One each of the three experimental blocks issued in this series. Printed in 1932 and released in 1933, these were test notes to determine the wearing power of various mixtures of linen and cotton fibers in the currency paper. The X-B block was composed of 50% linen and 50% cotton, the Y-B block was composed of 75% linen and 25% cotton, and the Z-B block was the control group of regular paper. Each of the three notes here is totally original, although the centering could be a touch better on the Y-B and Z-B. (300-500)

1096 **Fr. 1703 $10.00 1934B Silver Certificate. Gem Crisp Uncirculated.**

This note is the true key to any set of small size Silver Certificates in gem grade. In our experience, there are far more 1933 tens in Gem Uncirculated available than there are 1934B's. Virtually all of the 1934B examples that are offered as gem have been processed or "upgraded." This example is a very happy exception. The note is magnificently original and virtually perfect. Buy this note and you will own the best. (1200-1800)

1220 **One of Two Known 1928-A Stars**

Fr. 2151-H★ $100.00 1928A Federal Reserve Note. Choice Extremely Fine.

A lovely, bright and crisp example from this excessively rare series. This is one of only two notes, both from St. Louis, known for the entire 1928A issue. It is, as are so many of the star rarities known, ex-Schaaf collection. With the knowledge of and demand for stars at an all time high, estimates are difficult, but one prediction that we are sure of is that the price paid for this today will likely seem a bargain in the future. 1224 **Fr. 2152-A★ $100.00 1934 Federal Reserve Note. Choice About Uncirculated.**

Light green seal variety with minimal traces of circulation. We note no star serial numbers reported to date from this district in the light green seal hundred. (200-300)

1225 **Fr. 2152-B★ $100.00 1934 Federal Reserve Note. Extremely Fine.**

Dark green seal. This note, which is from the Schaaf holdings, is the only such example from the New York district listed in the new Oakes book. (175-325)

1226 **Unlisted Mule Variety**

Fr. 2152-G $100.00 1934 Federal Reserve Note. Choice Crisp Uncirculated.

Unlisted for this district in the new Oakes reference. Serial number G09769749A, with back check number 123. (225-350)

1227 **Fr. 2152-G $100.00 1934 Federal Reserve Note. Choice Crisp Uncirculated.**

Attractive and nicely centered example. (150-200)

1228 **Fr. 2152-H★ $100.00 1934 Federal Reserve Note. Choice Crisp Uncirculated.**

A very attractive early star. This is the dark green seal variety. The note's only flaw is a tiny corner tip bend. (200-400)

1229 **Fr. 2152-J★ $100.00 1934 Federal Reserve Note. Gem Crisp Uncirculated.**

Lovely Kansas City star example with the dark green seal. (200-250)

1230 **Fr. 2152-L $100.00 1934 Federal Reserve Note. Gem Crisp Uncirculated.**

A lovely example. Dark green seal variety. (160-200)

This is the 1934A mule variety. (150-250)

1232 **Fr. 2153-L $100.00 1934A Federal Reserve Note. Choice Crisp Uncirculated.**

Dark green seal Mule. (200-250)

1233 **Fr. 2154-I $100.00 1934B Federal Reserve Note. Gem Crisp Uncirculated.**

This example is listed in the Oakes reference as the high serial number observed for the Mule variety from Minneapolis. (200-300)

1234 **Fr. 2156-G $100.00 1934D Federal Reserve Note. Very Fine-Extremely Fine.**

A very scarce series issued by only six districts in very limited quantities. The issue for the Chicago district, for example, was a mere 78,000 pieces. This piece is the mule variety. (250-500)

1235 **Fr. 2157-G $100.00 1950 Federal Reserve Note. Choice Crisp Uncirculated.**

1236 **Fr. 2159-K★ $100.00 1950B Federal Reserve Note. Choice Crisp Uncirculated.**

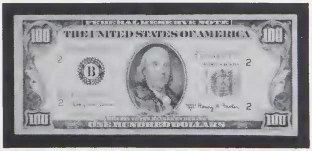
A very rare star, with numbers reported for only two districts in the new Oakes reference. This example is the only listed note from the Dallas District. (300-500)

1237 **Fr. 2160-H $100.00 1950C Federal Reserve Note. Choice Crisp Uncirculated.**

A bit off center. (125-145)

1238 **Fr. 2161-D★ $100.00 1950D Federal Reserve Note. Choice Crisp Uncirculated.**

An extremely rare series from which to find star examples. While all 12 districts printed stars, the new Oakes reference lists serial numbers for only two, Cleveland and Richmond. This example is ex-Schaaf, where it sold in 1993 for $577.50. It will likely reach or exceed that figure today. (400-600)



1239 **Fr. 2162-B★ $100.00 1950E Federal Reserve Note. Choice Crisp Uncirculated.**

A true late date star rarity. Only three districts opted to issue Series 1950E notes in any denomination, with only a relative handful of regular notes issued and virtually no stars. The new Oakes catalogue values this at $750.00, which we feel is very conservative. Expect to see some real competition for this prize. (700-1200)

1240 **Fr. 2163-B★ $100.00 1963A Federal Reserve Note. Extremely Fine.**

(120-140)

A lovely low number example, which sold in the 1993 Schaaf Collection sale for $412.50. In today's hot market for stars and low numbers, it should easily reach that figure. (300-500)

1246 **Fr. 2201-A $500.00 1934 Federal Reserve Note. Crisp Uncirculated.**

Well centered Boston example of this popular high denomination. (650-750)

HEATH'S COUNTERFEIT DETECTORS

1310 **Heath's Counterfeit Detector.** Small sized pocket edition from the tenth thousand of the first edition dated 1864. But for some minor staining at the tops of a few pages, this copy is in quite excellent condition, containing all its original plates still tightly bound, including the fold out Albion, New York obsolete. An early edition that is quite desirable. (350-up)

1311 **Heath's Counterfeit Detector Second Edition 1866 pocket sized edition.** Brown vertical formal cover and many interesting plates including the Casilear's green and red number protecting note, the Fractional plates and full size face and back plates of the 10, 20, and 100 dollar National Bank Notes. Some pages are loose but nothing is missing. (200-up)

1312 **Heath's Counterfeit Detector.** Third Edition. Revised and corrected. Published in 1870, this is the pocket sized edition with the green cover. Outstanding overall condition. The cover has a few minor faults, but the book is like new internally. One of the very nicest Heath's we have had the pleasure of handling. (300-up)

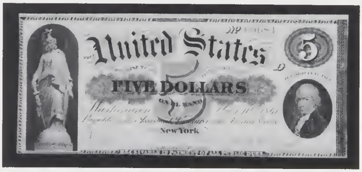
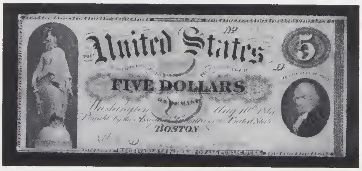
SPECIAL NOTICE

Several of the lots offered below have come from our Memphis, 1994 sale. The successful bidder on these items, despite his active participation in prior sales, chose not to honor his bids and consequently never took delivery of his lots. The consignors in that sale have been paid, and the lots are being reoffered here for sale. They are, as are all of the lots in every Currency Auctions of America, Inc. sale, offered without reserve of any kind.

DEMAND NOTES



1313 **Fr. 1 $5 1861 About Very Fine.** Lots of grade for a demand note. Quite clean with good color and no splits, tears, or repairs of any kind. (1250-up)



1314 **Fr. 3 $5 1861 Fine.** Serial #84, the lowest known number for any Fr. 3 and in fact the only two digit serial number for any Demand Note of any denomination. Solid for the grade with good signatures, its only problems are some very tiny paper skins at the corners, mostly outside of the design area. A solid and attractive Demand Note. (800-up)

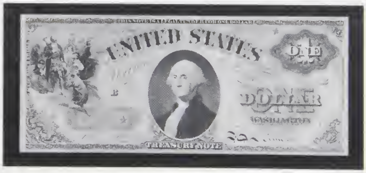
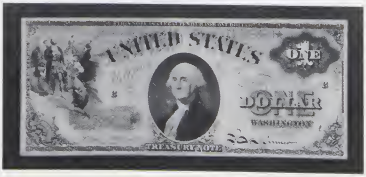
1320 **Fr. 17a $1 1862 Very Fine.** A short split has been repaired at the top. It is barely noticeable. (150-up)



1321 **Fr. 18 $1 1869 Superb Gem New.** Magnificent colors and perfect centering highlight this rainbow ace. The seal is a more reddish-brown than red, adding yet another hue to the explosion of color that gives this note its nickname. This is one of the best of these we have seen in a while. (1200-up)



1322 **Fr. 18 $1 1869 Choice New.** Superior color. The centering, while nice, is note quite up to Gem standards. (800-up)

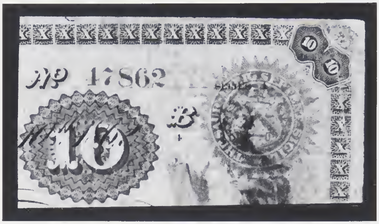
1401 **Fr. 91 $5 1907 Choice New.** A bright and well centered Pioneer Family note. (165-up)

1402 **Fr. 91 $5 1907 New.** Bright and crispy with the lower margin narrowing a bit at the left. (100-up)

1403 **Fr. 91 $5 1907.** Three nearly consecutive notes (a consecutive pair, a skipped digit, and then the third). All three notes are clean **Choice Extra Fine**. (3 pieces) (250-up)

1404 **Two 1907 Fives.** Fr. 88 **Extra Fine** and Fr. 91 **Choice New**. (2 pieces) (250-up)

1405 **Circulated Legal Tender Notes.** Fr. 61a $5 1862 **Very Good**, Fr. 38 $1 1917 **Very Good** (2), Fr. 60 $2 1917 **Very Good**, Fr. 92 $5 1907 **Very Good** (3). (7 pieces) (225-up)



1406 **Fr. 93 $10 1862 Fine.** Evenly circulated and without a trace of a problem. This early Legal Tender note has the seal grossly misplaced so that it completely covers the head and shoulders of the allegorical figure at the right. This series #1 note represents the first group printed after the Demand Notes, which bore no seals. Wherever the seal is placed on this note, it would overlap some major part of the design, as no place for it was allowed in the original layout of the type. It is possible, though somewhat unlikely, that this placement was intentional. In any event, this rare note would be a significant addition to a definitive collection of our early currency. (750-up)

1407 **Fr. 93 $10 1862 Very Good-Fine.** Utterly problem free, a scarce note that is seldom available to collectors of circulated notes in decent condition. The thin paper these were printed on had a tendency to split, tear, and generally disintegrate. For some reason, this note (although it has seen extensive circulation) has remained totally defect free. A prize for the collector of low grade but great looking notes. (300-up)

1408 **Fr. 93 $10 1862 Very Good.** Completely solid, which is amazing for this note in this grade. (200-up)

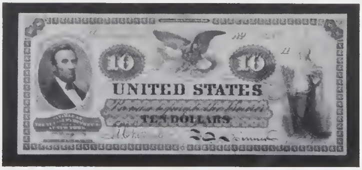
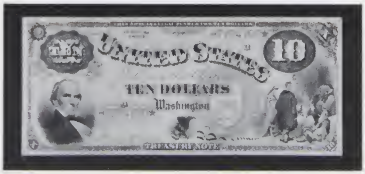
1409 **Fr. 95b $10 1863 Very Choice New.** Knockout color and exceptional margins everywhere but at the bottom right where the margin becomes a bit narrow. Save for this nitpicking flaw, the note is superb. (1500-up)

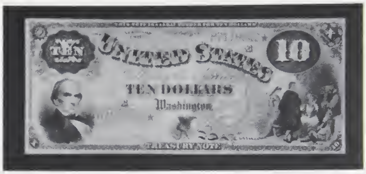


1410 **Fr. 95b $10 1863 Very Choice New.** A near Gem example with flashy original colors and exceptional margins. If the back, which is well clear of the edge, were centered just a bit higher, this note would be a full fledged Gem. (1500-up)

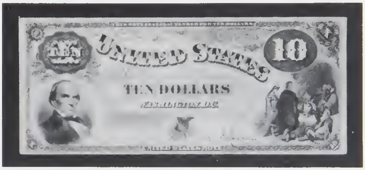
Superb Rainbow Ten



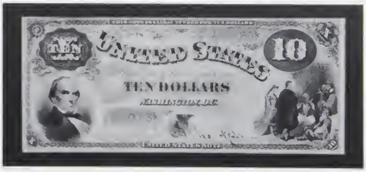
1411 **Fr. 96 $10 1869 Superb Gem New.** Perhaps the finest example there is of this lovely type. Perfectly centered between four boardwalk margins and with 100% pristine, original surfaces, this Rainbow note is an explosion of bright red, blue and green. Even the back design is centered as though placed with a micrometer: absolutely even on all four sides. If you have been waiting for the very best, your wait is over. (2750-up)



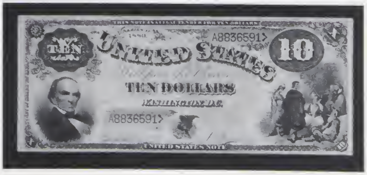
1412 **Fr. 96 $10 1869 Choice New.** Only the back centering holds this lovely note away from the Gem grade. Super colors. (1500-up)



1413 **Fr. 99 $10 1878 Choice New.** Nice margins and color on this early "Jackass" note, so named because the eagle vignette at lower center bears a distinct resemblance to a Jackass when inverted. A very scarce number in this grade. (1500-up)



1414 **Fr. 99 $10 1878 Choice About New.** A scarce Jackass with the Allison-Gilfillan signatures. The very faint center fold nearly defies detection. (750-up)



1415 **Fr. 107 $10 1880 Gem New.** Great margins and super color. This number always comes with the large seal that can be described as orange, salmon, pink or some combination of the three. It is, however, by no means red as the catalogs always call it. Whatever the seal color may be, this is a very lovely example of this difficult to find note. (900-up)

1416 **Fr. 107 $10 1880 Extra Fine.** A scarcer Friedberg number in a nice looking higher circulated grade. (450-up)

1417 **Fr. 111 $10 1880 Very Good-Fine.** (125-up)

1418 **Fr. 113 $10 1880 Choice About New.** Good looking and bright. (375-up)

1419 **Fr. 114 $10 1901 Very Fine.** This note appears to be Extra Fine from the face, but the back has just a bit too much light soil for the higher grade. (350-up)

1420 **Fr. 114 $10 1901 Very Fine.** A nice circulated Bison, with its only problem some very minor stains. (300-up)

1421 **Fr. 115 $10 1901 Choice Extra Fine.** Clean, bright and extraordinarily well margined. Fr. 115 is one of the more difficult Bisons to find and this one is a beauty. (500-up)

1422 **Fr. 116 $10 1901 Very Fine.** A really nice, problem free, circulated Bison. Easily worth… (350-up)

1423 **Fr. 117 $10 1901 Very Good-Fine.** Closer to the upper than the lower end of the grade. Plenty of body left in the paper and free from any tears or pinholes. (175-up)

1424 **Fr. 119 $10 1901 Very Good.** Fully Fine from the face, but the back is soiled and one of the folds has started to split. (125-up)

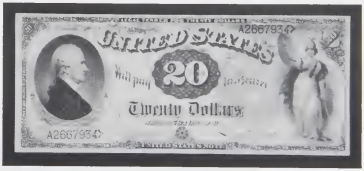
1446 **Fr. 126b $20 1863 Gem New.** The best margins and color that we have ever seen on a note of this type. The red, green and black face inks are as bright and colorful as the moment the note was pulled from the plate. Centering on both sides is virtually perfect and the note is totally free of the tears, splits and repairs that seem to be the hallmark of this thin, weak paper type note. A real beauty and a proud addition to any advanced collection. (3750-up)



1447 **Fr. 136 $20 1880 Gem New.** A bright and fresh example of the Rosecrans-Hyatt signatures with the large orange treasury seal. 1451 **Fr. 164 $50 1880 About New.** Extremely well margined and with a deep red seal. This high grade $50 Legal Tender with its bold America vignette has always been one of our favorite types. This particular example was last on the market in September of 1980. Fr. 164 is by far the most common Friedberg number of this design, making it an ideal type note. At a glance, this high end piece has the eye appeal of an eight thousand dollar Gem, but there is a tiny and nearly unnoticeable tear in the bottom margin. (2750-up)

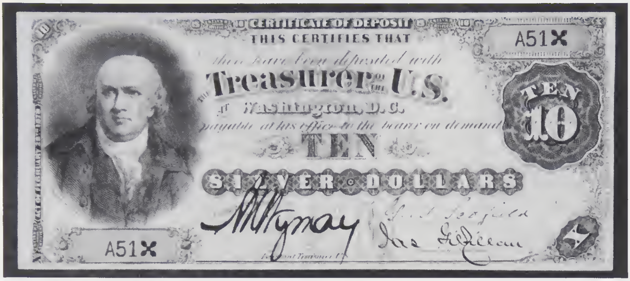
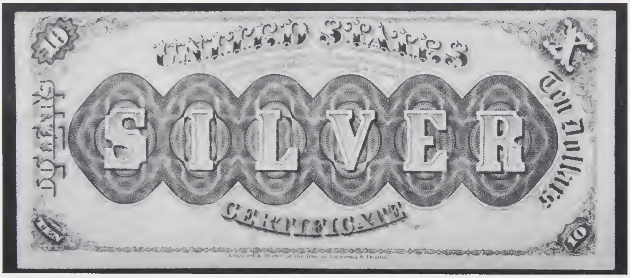
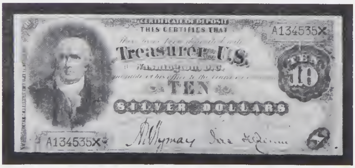
AUTOGRAPHED WYMAN TRIPLE SIGNATURE

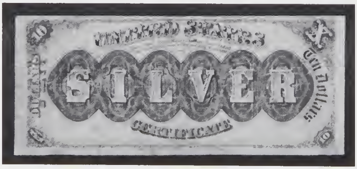




1622 **Fr. 285 $10 1878 Extra Fine.** Autographed countersignature of A.U. Wyman, payable at Washington, D.C., one of only two known to exist. This early Silver Certificate was originally from Mayflower's 11/10/56 sale, where it was sold with the only other Fr. 285 known to exist. That piece, Serial #50, appeared as Lot 1252 of our November 10, 1990 sale. Of all countersigned notes from all series and denominations, these two are the only truly high grade examples known. After the 1956 Mayflower sale, this note was sold to Jim Thompson and the other, serial #50, was off the market until 1988 when it appeared on a Stack's fixed price list at $47,500. This note was sold as part of the Thompson Collection on December 2, 1992 and brought $23,100. The note is stunning, with full original paper surfaces. There are a few unobtrusive pinholes and surprisingly, this note, although clean and clearly never circulated, has quite a number of very light vertical folds, none of which are visible without careful inspection. The hand signed Wyman signature is dark and bold with no traces whatsoever of ink aging or erosion. This note comes to the market from the hands of the collector who holds the serial #50 note. Once this piece is sold, an opportunity to acquire this Friedberg number may well not arise again for decades. (27,500-up)

PRINTED WYMAN TRIPLE SIGNATURE





1623 **Fr. 285a $10 1878 Fine-Very Fine.** One of just seven known, this was originally the Finnell (that's right, not Grinnell) piece and was later auctioned by Stack's as part of the Thompson Collection where it was bought back by the consignor at the $14,000 level. Two of the seven known notes are forever off the collector market and of the remaining five, three are distinctly inferior to this piece, making it the second finest available. Decently margined with good body and color remaining, this 285a would make a proud addition to the finest of collections. (11,000-up)

1624 **Fr. 293 $10 1886 Very Good.** This rare type is missing its upper right corner but is otherwise intact. (225-up)

1630 **Fr. 317 $20 1891 Fine.** Problem free and well margined. Fr. 317 is one of the scarcer numbers of this type with only about 35 pieces having been recorded. This particular piece is listed in the Gengerke reference as the Werlich illustration note. (300-up)

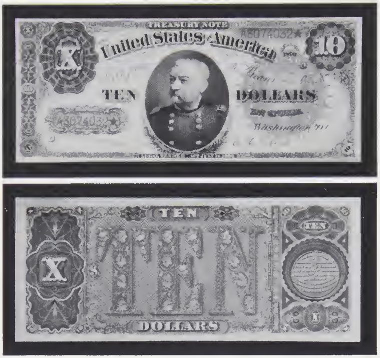
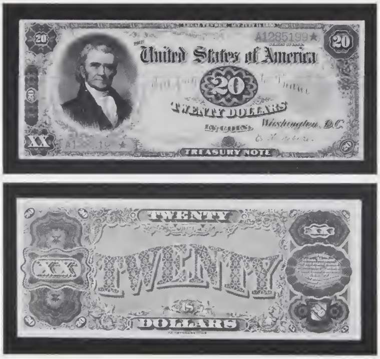
Superb Fr. 367 $10 Treasury Note



1650 **Fr. 367 $10 1890 Superb Gem New.** A truly beautiful example of this very scarce type. Well balanced margins, deep original embossing, and supremely sharp printing quality make this lovely note one of the nicest General Sheridan Treasury Notes in existence. The ornate back design is perfectly centered between four large margins. (3250-up)

1651 **Fr. 370 $10 1891 Extra Fine.** A fair amount of ageing and slightly rounded corners but no actual signs of circulation. (450-up)

Lovely $20 1890 Treasury Note



1652 **Fr. 374 $20 1890 Choice New.** A recent addition to the census and the highest known serial of the signature combination. Rich color and near perfect centering. While reported in the Gengerke reference as AU, but without a prior sale record, our most careful examination fails to detect any folds or signs of circulation and we would be pleased to acquire comparable pieces as uncirculated. Attractive 1891 Treasury Note

1653 **Fr. 375 $20 1891 Extra Fine.** Last on the market on a 1984 price list and previously in a 1983 Bowers & Merena sale. Good color and decent margins make this popular Treasury Twenty worth at least… (5000-up)

This is the first Arkansas Red Seal to be publicly offered in many years, and is a great rarity as well, with the census listing only two known $20.00 Red Seals from the entire state. The note is a perfect, no problems **Fine+**, with a bright red overprint and strong pen signatures. 1792 **Healdsburg -** $10.00 1902 Fr. 628 **The First NB** Ch. # 10184

1794 **Los Angeles -** $100.00 Ty. 1 **Security-First NB** Ch. # 2491

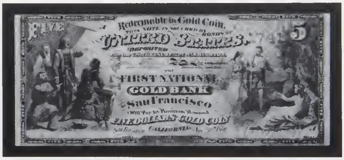
1805 **San Diego** - $5.00 1902 Date Back Fr. 590 **The American NB** Ch. # (P)7418

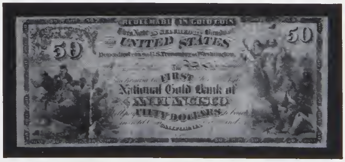
A great note which recently surfaced as the only National Bank Note in the estate of a Delavan, Wisconsin banker. Only three examples from this short lived bank have been reported to date, all of which are considerably lower grade than this note. All are in very strong hands, as even as acquisitive a collector as Philip Krakover could not find an example from here to add to his collection. In fact, the last offering of any note from this bank occurred in 1979. Solid **Fine-Very Fine**, a wonderful addition to any serious collection from this city or state. (900-1400)



1806 **San Francisco** - $5.00 National Gold Bank Note Fr. 1136 **The First National Gold Bank** Ch. # 1741

Listed on the census as a reported "Very Good," but a note which would be graded **Fine** even if it were not a NGBN. There are a couple of tiny margin splits, which we mention for the sake of accuracy only, but the overall appearance is far superior to all but a handful of the Gold Bank Notes we've seen. (800-1200)

$50 California Gold Bank Note



1807 **San Francisco** - $50.00 National Gold Bank Note Fr. 1160 **The First National Gold Bank** Ch. # 1741

One of only seven $50.00 National Gold Bank Notes verified to date, and the most recent addition to the census of five known from this bank. Of the seven known examples, only one has appeared at public sale in the past two decades. That note, graded Good, brought $7150 in a 1988 auction. This example, likely ex-Farouk Collection due to its having been silked, has some tears and splits, but overall is complete and intact. **Fair**, an opportunity which should not be missed, as the chance to purchase another $50.00 National Gold Bank Note may not reoccur for a very long time. FLORIDA

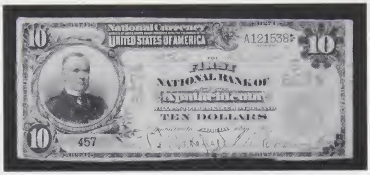
Extremely Rare Florida Red Seal



1843 **Appalachicola -** $10.00 1902 Red Seal Fr. 613 **The First NB** Ch. # (S)6274

One of the greatest Nationals we have ever been privileged to offer. This institution, the only bank chartered in this rural panhandle county, lasted but nine years and issued but a handful of Red Seals and Date Backs only. Prior to the appearance of this specimen, two notes were known from here. One is the former Henderson Collection specimen, now impounded in the holdings of Florida based Barnett Banks, and the other, also grading Very Good, was auctioned in 1986 and has never reappeared on the market. This Red Seal may well be the only opportunity to obtain an Appalachicola note which will occur within the lifetime of many reading this catalogue. Pen signed **Very Good**, worth whatever it brings and more… (3000-5000)

1844 **Arcadia -** $10.00 Ty. 1 **The De Soto NB** Ch. # 8728

Pleasing **Fine** example. (150-300)

1847 **Deland -** $20.00 Ty. 1 **The Barnett NB** Ch. # 13388

An offshoot of the Barnett NB headquartered in Jacksonville. Under the McFadden Act's prohibition against branch banking, this bank had to obtain another Federal charter and another charter number for the "independent" Deland operation. **Fine**, trimmed slightly into the design at the bottom margin. (200-400)

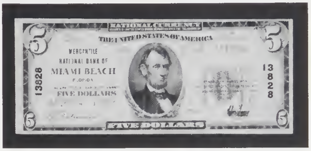
Pleasing **Fine** Miami Beach example. (100-150)



1853 **Miami Beach -** $5.00 Ty. 2 **The Mercantile NB** Ch # 13828

Don't be mislead by the Miami Beach issuing location, as this is an excessively rare bank which issued for less than two years. In fact, in over 50 years there has never been a single public offering of a note from this bank on either a fixed price list or at auction. Nice **Fine-Very Fine**, certain to become one of the highlights of the collection it enters. (450-900)

1874 **Benton -** $5.00 1902 Red Seal Fr. 613 **The First NB** Ch. # (M)6136

A magnificent serial number 1 Red Seal with unbelievably vibrant colors and signatures. Of interest as well is the low Treasury number, indicating this bank, chartered in January of 1902, was among, if not actually the first to receive the newly issued Red Seals. There is some minor handling and a light crease, but to call this any less than **Choice Crisp Uncirculated** would be foolish and hypertechnical. This is truly an example worthy of the finest collection. (1000-1500)

1965 **Stock Certificate Transfer Register - First National Bank of Skowhegan, Maine**
An important financial history item. This is the actual register book on which the bank recorded stock ownership transfers as equity interests in the institution changed hands. Roughly 180 individual certificates with attached record stubs are bound in. The records commence in 1871 and run until 1887. The earlier certificates are signed by George A. Page as Cashier and Abner Coburn as President. Beginning in December of 1884, James B. Dascomb signs as President, while George Page continues as Cashier. The certificates display the embossed seal of the bank. The marble cover of this 7"x13" ledger show moderate wear, as would be expected from a banking artifact in periodic use over nearly two decades. The First National Bank of Showhegan was chartered in 1864 and issued First Charter through 1929 Series Nationals. (500-900)

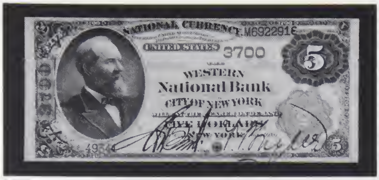
2176 **New York City** - $5.00 1875 Fr. 403 **The Chase NB** Ch. # 2370

From the small hoard of these distributed over 30 years ago. This example is the nicest of that group we have seen, with none of the distracting corner problems or mishandling that afflict so many of these. The colors are bright and vibrant, the margins, while small, are adequate, and there is an absolute minimum of handling. This lovely type example would fit nicely into any high grade collection. **Choice Crisp Uncirculated**. (750-1000)



2177 **New York City -** $5.00 1882 Fr. 469 **The Western NB** Ch. # 3700

2178 **New York City -** $5.00 1902 Red Seal Fr. 587 **The Aetna NB** Ch. # (E)7450

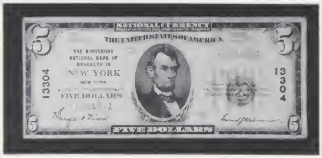
2179 **New York City -** $5.00 Ty. 1 **NB of Yorkville** Ch. # 12965

One of Manhattan's very few "neighborhood" banks, and a surprisingly tough note to find in small size. **Very Fine**, with a paper clip stain showing only on the reverse. (50-100)



2180 **New York City -** $5.00 Ty. 1 **The Kingsboro NB of Brooklyn** Ch. # 13304

One of the great rarities in New York notes, from a bank which always eluded us during our 15 years of collecting New York City issues. We know of only one other small note extant from this bank, with that example having been off the market for over two decades. It is hard to estimate this exciting new Brooklyn discovery, but bids for this **Fine** example should reach or exceed… (300-600)

2474 **Bonham** - $20.00 1902 Fr. 650 **The First NB** Ch. # (S)3094

An excessively rare note from a bank from which, over a 50 year period, no example of any kind has made an appearance either at public auction or on a fixed price list. Considering that the data base now holds over 175,000 listings, that is certainly a strong indication of real rarity. We have always wanted to handle a note from Bonham, the home town of legendary House Speaker Sam Rayburn, and this example, long part of the collection of Col. Charles Wingo, has given us that opportunity. **Very Fine+**, cut a bit close at the bottom, a great note worthy of a premium bid. (450-900)
